PROFESSIONAL SUMMARY

Final-year Computer Science undergraduate with a strong foundation in Java, Object-Oriented Programming, Data Structures, SQL, and Full Stack Web Development. Skilled in building responsive web applications using React.js and developing backend applications using Node.js. Familiar with database management using MySQL and MongoDB, along with version control using Git and GitHub. Seeking a software development opportunity to apply programming and problem-solving skills while contributing to scalable and user-focused applications.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, SQL
Web Technologies: HTML, CSS, React.js, Node.js
Databases: MySQL, MongoDB
Development Concepts: Object-Oriented Programming, Data Structures, Full Stack Development, REST API Fundamentals
Tools & Version Control: Git, GitHub, VS Code

EDUCATION

Excel Engineering College
Bachelor of Engineering (Computer Science and Business Systems)

- CGPA: 8.0/10

Government Higher Secondary School, Erabaiyanahalli
HSC (Higher Secondary Certificate)

Government Higher Secondary School, Erabaiyanahalli
SSLC (Secondary School Leaving Certificate)

PROJECTS

AI-Driven Smart Recruitment and Talent Analytics Platform

- Developed a web-based recruitment platform to manage candidate information, job opportunities, and recruitment activities.
- Implemented user-friendly interfaces and backend functionality to support efficient candidate management and data processing.
- **Technologies:** JavaScript, React.js, Node.js, MongoDB

Mini Cart - E-Commerce Shopping Application

- Built a responsive e-commerce shopping application with product listing, cart management, and dynamic quantity updates.
- Developed interactive frontend components using React.js and JavaScript to provide a smooth shopping experience.
- Used Git and GitHub for source code management and project version control.
- **GitHub:** github.com/Deepika1814/mini-cart
- **Technologies:** React.js, JavaScript, HTML, CSS

INTERNSHIPS

Techworld Software Pvt. Ltd.
Frontend Development Intern

- Assisted in developing responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Worked on frontend components and improved user interface functionality and usability.
- Participated in application development, debugging, testing, and project implementation activities.

EightQueens Company
Frontend Development Intern

- Contributed to frontend development tasks and implementation of responsive user interfaces.
- Worked with team members to develop and test web application features.
- Used Git and GitHub for source code management and collaborative development.

COURSES & CERTIFICATIONS

- Fundamentals of Python – Imagecon
- Predictive Modelling Techniques – L&T EduTech
- Complete Web Development – L&T EduTech
- Mastering Form Development – L&T EduTech
- Full Stack React and Web Development – L&T EduTech
- JavaScript Course Completion – Ether Infotech

ACHIEVEMENTS & WORKSHOPS

- Participated in Innoverse 2026 – 24-Hour Hackathon conducted by Sathyabama Institute of Science and Technology.
- Completed NPTEL Certification on Introduction to Industry 4.0 and Industrial Internet of Things.
- Attended Hands-on Training on Interactive and Dynamic User Interface Design using Figma.
- Participated in Quantum Computing Hands-on Workshop at Sona College of Technology.

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Communication Skills
- Adaptability
- Continuous Learning
