PROFILE SUMMARY

Graphic Designer and UX/UI Designer with 4+ years of client-facing experience adapting research, wireframes, and prototyping across healthcare, manufacturing, and e-commerce projects (Klinspace, Dr. Mehta's Hospitals, ARS Steels), and delivering brand identity and campaign work for clients like TSPL, whose 30-day social campaign I led grew their following by 300+ and brought real participants to their event. Comfortable adapting quickly to new briefs and industries, with a focus on design that performs in the real world.
