GOPINATH K

Aspiring SOC Analyst — Blue Team & Cybersecurity

rkgopinathgopinath@gmail.com | +91 9159413427 | Namakkal, India | linkedin.com/in/gopinath-k-b1900533b

PROFESSIONAL SUMMARY

Fresher with a B.E. in Computer Science and Engineering (Cyber Security) and hands-on Blue Team / SOC training. Skilled in security monitoring, log analysis, and alert investigation using SIEM (Wazuh) and EDR (Sophos) tools. Trained in incident investigation, phishing analysis, and mapping attacks to the MITRE ATT&CK framework through practical security labs. Looking to start a career as a SOC Analyst and grow into cloud security.

TECHNICAL SKILLS

SOC: Security Monitoring, Alert Analysis, Log Analysis, Incident Response
SIEM: Wazuh
EDR: Sophos EDR
Networking: TCP/IP, DNS, DHCP, VPN, Firewall, OSI Model
Network Tools: Wireshark, Snort, Nmap
Cloud: AWS EC2, IAM, S3, CloudWatch, CloudTrail
Security Concepts: MITRE ATT&CK, Phishing Analysis, Brute-Force Detection, Malware Analysis
Operating Systems: Windows, Linux
Scripting: Basic Python, Bash

TOOLS

Wazuh, Sophos EDR, Wireshark, Snort, Nmap, AWS, Burp Suite, Linux, Windows, Git

HANDS-ON PROJECTS

SOC Monitoring Lab – Wazuh

- Installed and configured Wazuh SIEM in a lab environment.
- Monitored logs from Windows and Linux endpoints.
- Investigated security alerts and analyzed possible incidents.

EDR Security Testing – Sophos

- Monitored endpoint activity using Sophos EDR.
- Analyzed security alerts to identify potential threats.
- Practiced basic threat detection and response steps.

AWS Security Monitoring Lab

- Set up EC2 instances and configured IAM users and permissions.
- Used S3 for storage and reviewed basic access settings.
- Monitored activity using CloudWatch and CloudTrail logs.

Task Management Web Application

- Developed a web application to create, update, delete, and track tasks.
- Added task status and priority tracking to help organize daily work and deadlines.
- Designed a simple, user-friendly interface and tested core features for correct functionality.

CERTIFICATIONS / TRAINING

- LetsDefend – SOC Fundamentals
- Blue Team / SOC Analyst Training
- Cyber Security Fundamentals
- AWS Security Fundamentals

EDUCATION

B.E., Computer Science and Engineering – Cyber Security
Sri Shanmugha College of Engineering and Technology | 2023–2027
