SUMMARY

Motivated **Artificial Intelligence and Data Science undergraduate** with strong skills in **Python, Machine Learning, Deep Learning**. Seeking an **entry-level IT / Software Developer / AI role** to apply problem-solving abilities, develop scalable solutions, and contribute to real-world projects while continuously enhancing technical expertise.

EDUCATIONS

B.Tech – Artificial Intelligence and Data Science
Sengunthar Engineering College | 2022 – 2026 (Completed)
CGPA: 7.485

Higher Secondary Certificate (HSC)
Einstein Matriculation Higher Secondary School | 2022
Percentage: 73.6

Secondary School Leaving Certificate (SSLC)
Holy Cross Matriculation Higher Secondary School | 2020
Percentage: 77.2

PROJECTS

Fake News Detection using LSTM

Python, TensorFlow, Keras, NLP

- Developed a deep learning–based fake news detection system using **Long Short-Term Memory (LSTM)** networks.
- Applied NLP preprocessing techniques including tokenization, stopword removal, and sequence padding.
- Trained the model on labeled news datasets to classify news as **Real or Fake**.
- Achieved high accuracy in binary text classification through effective sequence learning.
- Designed the solution to support **real-time prediction** and future API-based deployment.

Commodity Price Prediction System using LSTM and Recommendation using RAG

Python, MySQL, Tensorflow, NLP

- Built a predictive model to forecast future commodity prices using historical data.
- Stored and managed structured data using MySQL for efficient querying and analysis.
- Collaborated in a team environment to design, implement, and validate prediction results.

WORKSHOPS & ACTIVITIES

- Completed a 1-day workshop on **AR/VR Technologies** at Bannari Amman Institute of Technology, Erode.
- Participated in **Paper Presentation** at Annai Mathammal Sheela Engineering College, Namakkal.

CERTIFICATION

- **Python Programming (CSC)**
- **Python Language and Tools for Data Analysis (TERRA INFOTECH)** *(Including AI & Machine Learning Algorithms)*
- **Web Development Frameworks and AI Tools (ALPHA TECH ACADEMY)**

TECHNICAL SKILLS

- Artificial Intelligence
- Machine learning
- Python
- HTML
- CSS
- MySQL

AREA OF INTEREST

- AI Developer
- Software Developer
- Data Analyst
- Web Developer
