NIVYA G

SOFTWARE ENGINEER

Nivyabe2023@gmail.com | +91 8015516597 | https://github.com/nivyabe2023-lab | https://www.linkedin.com/in/nivya-g-5332aa2a6?utm_source=share_via&utm_content=profile&utm_medium=member_android

PROFILE SUMMARY

Results-driven and adaptable Electronics and Communication Engineering undergraduate with a strong foundation in software development, programming, databases, and cloud computing. Skilled in Java, Python, SQL, and web technologies, with practical project experience and a passion for continuous learning. Committed to developing innovative software solutions, collaborating effectively, and creating value in a fast-paced IT environment.

EXPERIENCE

cloud computing intern **Innoknowvex | oct(2025)-jan(2026)**

- Learned cloud platforms and modern application development practices.
- Created and managed virtual Machines (VM).
- Used Visual Studio Code for development.
- Used Git Hub for version control and project management.

EDUCATION

Bachelor of Electronics and Communication Engineering

Sri Shanmugha College of Engineering and Technology, Salem Tamilnadu, India CGPA 8.8 (up to sixth semester) – Ongoing

Senior High School

Senthil Matric Hr Sec School, Dharmapuri, Tamilnadu, India,Percentage 90% – Passed 2023

High School

Senthil Matric Hr Sec School, Dharmapuri, Tamilnadu, India,Percentage 97% – Passed 2021

PROJECTS

IOT based Smart Energy Management System

Technologies: ESP32, IoT, MQTT, Cloud Computing
Developed an IoT-based smart energy monitoring system using ESP32 and sensors to track real-time power consumption. Integrated MQTT-based cloud connectivity for remote monitoring, data acquisition, and energy usage analysis, enhancing system efficiency and reliability.

BookSky – Book Management Application

Technologies: HTML, CSS, JavaScript
Developed a responsive book management application with CRUD functionality using JavaScript. Implemented DOM manipulation, event handling, and client-side validation to deliver an interactive and user-friendly experience.

React Web Application

Technologies: React.js, Node.js, JavaScript
Built a component-based React application with reusable components and REST API integration for dynamic data rendering. Implemented state management, responsive design, and version control using Git/GitHub to improve application performance and maintainability.

SKILLS

Java, Python, SQL, JavaScript, HTML5, CSS3, React.js, Node.js, MySQL, OOP, DSA, DBMS, REST APIs, API Integration, CRUD Operations, Responsive Web Development, Cloud Computing, Microsoft Azure, IoT, Git, GitHub, IntelliJ IDEA, Eclipse, Visual Studio Code, MySQL Workbench, SDLC, Agile Methodology, Problem Solving, Analytical Thinking, Critical Thinking, Communication Skills, Team Collaboration, Leadership, Adaptability, Time Management, Quick Learning, Continuous Learning, Attention to Detail.

CERTIFICATIONS

- NPTEL certification in Programming in Java with seventy nine percent Elite Silver
- IEEE webinar on IEEE Xplore Digital Library Unlocking New Features and Their Value for Your Library
- Participated in multiple inter-college technical paper presentations and project expos, showcasing innovative solutions and technical concepts.
- Participated in the MSME Hackathon and attended IEEE technical webinars to enhance technical knowledge and industry exposure.

IMPLANT TRAINING

7-Day Technical Training – BSNL, Salem District
Gained practical exposure to Telecommunication Networks, Optical Fiber Communication, Mobile Communication Systems, Network Infrastructure, Broadband Technologies, Switching Systems, Communication Protocols, and Emerging Networking Technologies, strengthening analytical, technical, and troubleshooting skills.

CAREER INTEREST

- Passionate about Software Development, Cloud Computing, and Emerging Technologies.
- Interested in developing innovative, scalable, and efficient technology solutions.Committed to continuous learning, problem-solving, and technical excellence.
- Enthusiastic about application development, database technologies, and digital innovation.Eager to contribute to technology-driven projects while enhancing technical and professional skills.

DECLARATION

I declare that the details provided in this resume are genuine and accurate to the best of my knowledge and I take full responsibility for their authenticity.
