CAREER OBJECTIVE

M.Sc. Computer Science student seeking an entry-level role in software support, application support, junior IT support or software testing, and Java developer trainee roles where my qualifications match. Foundation in Java, SQL/MySQL and web basics through academic projects, with internship exposure to debugging and testing Java applications. Strong problem-solving and attention to detail, with a willingness to learn.

TECHNICAL SKILLS

- **Programming:** Java fundamentals, Python basics
- **Database:** SQL basics, MySQL, MongoDB basics
- **Web Technologies:** HTML5, CSS
- **Connectivity:** JDBC
- **Tools:** Git and GitHub basics
- **Software Skills:** Basic application testing and debugging
- **Professional Skills:** Problem solving, attention to detail, teamwork, quick learning
- **Office & Documentation:** Data entry, record maintenance, documentation, basic spreadsheet skills
- **Languages:** Tamil, English

PROJECTS

Rice Shop Billing System | *Core Java, JDBC, MySQL, HTML, CSS* Academic Project

- Built a billing and inventory prototype using Core Java, JDBC and MySQL, with an HTML and CSS interface.
- Implemented product records, invoice generation, inventory management and sales reporting functions.

Smart Crop AI: IoT Prototype | *Soil-moisture sensor, microcontroller*

- Developing a beginner-level smart agriculture prototype using a soil-moisture sensor and a microcontroller.
- Testing sensor readings; pump automation based on a moisture threshold is the next planned step.

INTERNSHIP

Cloud Computing Intern, Wings Technologies 26 May 2026 – 09 Jun 2026

- Assisted with Java backend-related tasks and gained exposure to software development workflows.
- Helped debug and test Java applications and identify issues.

EDUCATION

M.Sc. Computer Science, Arignar Anna Arts College, Namakkal 2025 – 2027
B.Sc. Computer Science, Arignar Anna Arts College, Namakkal 2022 – 2025

CERTIFICATIONS

- **Deloitte Australia – Data Analytics Job Simulation** – Deloitte Sep 2026
- **Data Visualisation Job Simulation** – Tata Consultancy Services Sep 2026
- **MongoDB Basics for Students** – MongoDB Jul 2026
- **Typewriting Junior (English)** – Government Technical Examinations May 2026
- **Programming in Java** – Anudip Foundation Apr 2025
- **Front End Development (HTML)** – Great Learning Academy

EVENTS & PARTICIPATION

- **CS-Technofest (State Level Technical Symposium)** – Participant 27 Aug 2026
  Vinayaka Mission's Kirupananda Variyar Arts & Science College, Salem
