DEEBADARSHAN S

+91 9095076032 | deebadarshan.2005@gmail.com | linkedin.com/in/deeba-darshan-10a065276 | Salem, Tamil Nadu

OBJECTIVE

To be part of a forward-thinking team where I can apply my knowledge, contribute to real-time projects, and evolve into a skilled and solution-oriented professional.

TECHNICAL SKILLS

Programming Languages: Core Java, C Programming

Tools & Technologies : Allegro Capture 24.1, VS Code

Areas of Interest : Digital Electronics, PCB Design

PROJECTS

AI-Driven Animal Detection and Repellent System

- Developed an AI-powered crop protection system using ESP8266, YOLOv5, and GSM technology to detect wild animals and provide real-time alerts to farmers.
- Integrated ultrasonic repellent and solar-powered operation for automated, eco-friendly wildlife deterrence and continuous field monitoring.

Smart IoT – Based Automatic Solar Panel Cleaning System

- Developed an IoT-based solar panel cleaning system using Arduino, ESP32 and MQTT for real-time performance monitoring.
- Automated panel cleaning using voltage sensing and a servo motor to improve energy efficiency and reduce manual maintenance.

Fire Detection System Using Arduino

- Built an Arduino-based fire detection system using flame and smoke sensors for real-time fire monitoring.
- Enabled instant audio and visual alerts through buzzer and LED for improved safety and early warning.

INTERNSHIPS

VLSI Design — Ether Infotech | Dec 2025

- Enhanced knowledge of digital circuit design, Verilog HDL ,logic design simulation and VLSI fundamentals.

Internet of Things — Kiotech | Feb 2025

- Acquired practical knowledge of IoT architecture, embedded systems, Arduino programming and Iot Fundamentals.

EDUCATION

Bachelor of Electronics and Communication Engineering — 2022–2026
Knowledge Institute of Technology, Salem | CGPA: 74.3%

Sri Vidya Mandri Senior Secondary School
HSC: 66.16% (2022)

Sri Vidya Mandri Senior Secondary School
SSLC: 59.4% (2020)

ADDITIONAL INFORMATION

Certifications: Electronics Manufacturing System Course (EMS) — PCB Design, Schematic capture, layout, Gerber file generation, SMT Assembly and quality / reliability testing (2026).

Languages: Tamil, English
