Karthika V

I am a dedicated and organized Computer Science student, seeking my first professional experience. I possess a strong foundation in web development and programming languages, and I am eager to apply my skills in a practical environment.

Work Experience

Computer Operator Assistant (Training / Self Practice)

- Practiced MS Office Suite (Word, Excel, PowerPoint, Outlook) for daily tasks and assignments.
- Performed data entry tasks with accuracy using MS Excel – organized data into tables, applied basic formulas, and filtered information.
- Designed and edited documents in MS Word including resumes, reports, and formatted letters.
- Created engaging PowerPoint presentations with transitions, animations, and structured layouts.
- Improved typing speed and accuracy through regular typing practice sessions.
- Organized files, folders, and basic system settings as part of computer operations training.
- Drafted and formatted professional emails using Outlook and Gmail, including use of CC, BCC, and attachments.
- Learned basic troubleshooting such as printer setup, screenshot capture, and browser settings.
- Used internet research skills to gather information and create summary reports.
- Understood the basics of file conversions (Word to PDF, Excel to CSV, etc.) for documentation purposes.
- Supported mock office projects like data updating, record management, and presentation creation.
