CAREER OBJECTIVE

M.Sc. Chemistry postgraduate student and B.Sc. Chemistry graduate seeking an entry-level position as a QC Chemist, QA Chemist, R&D Chemist, Analytical Chemist, or Production Chemist in a reputed organization. As a Chemistry fresher, I am looking to apply my academic knowledge and laboratory skills while gaining practical industry experience and contributing to quality, analytical testing, and safe laboratory operations.

EDUCATION

M.Sc. Chemistry — **Pursuing, 1st Year**
Kailash Women's College, Nagavalli, Salem

B.Sc. Chemistry — **CGPA: 8.0/10 | 2026**
Salem Kongu Naadu Arts and Science College, Salem (Affiliated to Periyar University, Salem)

Higher Secondary Certificate (HSC) — **2023**
Government Higher Secondary School, Pannapatti, Salem

TECHNICAL SKILLS

- Laboratory techniques and basic analytical testing
- Titration techniques and solution preparation
- Chemical handling and laboratory safety
- Good Manufacturing Practices (GMP) and GLP awareness
- Good documentation practices and attention to detail
- Green chemistry principles

INTERNSHIP

Chemical Sensor Intern — **May 2025 – June 2025**
OdugaaTech Pvt. Ltd.

- Gained practical exposure to chemical sensor-related laboratory work and basic analytical practices.

ACADEMIC PROJECT

Extraction of Natural Dyes — Preparation and Analysis

- Worked on preparation and analysis of natural dyes using biodegradable materials.
- Explored bio-based solvents and reagents and their role in sustainable chemistry.

CERTIFICATIONS & CO-CURRICULAR ACTIVITIES

- **CAPAthon** — Good Manufacturing Practices (GMP)
- **Internship in Chemical Sensor** — OdugaaTech Pvt. Ltd.
- **Interactive Guest Lecture** on Electrochemical Biosensors
- **International Conference** on Emerging Trends in Material Sciences (ETMS'24)

STRENGTHS

Analytical Thinking | Quick Learner | Teamwork | Attention to Detail | Problem Solving | Time Management

LANGUAGES

Tamil: Native | **English:** Basic
