PROFESSIONAL SUMMARY

Java Full Stack Developer with professional experience in designing, developing, testing, and maintaining scalable web applications using Java, Spring Boot, MySQL, HTML5, CSS3, JavaScript, and RESTful APIs. Experienced in backend development, database design, API integration, authentication, and full-stack application development. Strong understanding of Object-Oriented Programming (OOP), Data Structures, MVC Architecture, SDLC, Agile Methodology, and Software Engineering principles. Skilled in writing clean, maintainable, and optimized code while collaborating effectively within cross-functional development teams to deliver high-quality software solutions.

SKILLS

Programming Languages: Java, Python, SQL.
Frontend Technologies: HTML5, CSS3, JavaScript and React.js.
Framework & Library: Spring Boot, Bootstrap (Familiarity with hibernate, Spring Security, Node.js and Express.js).
Database: MySQL.
Tools & Platforms: Maven, Eclipse, VS Code(IDE), Postman(API testing), Git/GitHub.
Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithm, Exception Handling RESTful APIs, MVC Architecture.

PROFESSIONAL EXPERIENCE

Java Full Stack Developer - SEARCHFIRST TECHNOLOGIES PVT LTD

Aug 2025 – Aug 2026

- Developed and maintained full-stack web applications using Java, Spring Boot, MySQL, HTML5, CSS3, JavaScript, and RESTful APIs, ensuring scalable and efficient business solutions.
- Designed and implemented backend modules, business logic, database operations, and API integrations for Real Estate, E-Commerce, and Result Publishing applications.
- Contributed to the Tamil Nadu Polytechnic Admission 2026 Portal by developing modules for student registration, application submission, document management, and admission workflow processing.
- Developed responsive and user-friendly web interfaces, improving application usability across desktop and mobile devices.
- Optimized SQL queries and application performance, resulting in faster response times and improved system reliability and Integrated REST APIs for seamless communication between frontend and backend systems.
- Participated in requirement analysis, debugging, testing, deployment, and maintenance activities throughout the Software Development Life Cycle (SDLC).

INTERNSHIP

Full Stack Web Development Intern – IDM TechPark (2024)

- Developed full-stack applications using Java, Spring Boot, MySQL, HTML5, CSS3 and JavaScript.
- Implemented RESTful APIs and optimized performance, reducing load times by 15%.
- Delivered multiple features in collaboration with the team.

Frontend Development Intern – Marcello Tech (2023)

- Created responsive UI components using HTML, CSS, JavaScript, and React.
- Optimized assets and scripts, improving page load speed by 20%.
- Collaborated with the team to implement interactive features for enhanced user experience.

EDUCATION

- **Bachelor of Engineering in Computer Science (2020-2024)**
  Sengunthar Engineering College, Tiruchengode **| CGPA**: 8.05

CERTIFICATE

- **Java Full Stack Development** – QSpiders, Velachery.
- **HTML, CSS, Python, SQL** – Alpha Tech Academy.
