PROFESSIONAL SUMMARY

Fresh Computer Science graduate with 6 months of hands-on data analyst internship experience. Proficient in **Python, SQL, Power BI, and Tableau**, with a track record of building dashboards that turn raw datasets into clear business decisions. Comfortable working across the full analytics pipeline — from **data cleaning and EDA** through to stakeholder-ready reporting. Targeting an entry-level **Data Analyst** role in all over world.

TECHNICAL SKILLS

Languages	Python, Java, SQL
BI & Visualisation	Power BI, Tableau, Microsoft Excel
Databases & Tools	MySQL, MySQL Workbench, GitHub, VS Code, Python IDLE
Analytics Concepts	Data Cleaning, Exploratory Data Analysis (EDA), Dashboard Development, Statistical Analysis

INTERNSHIP

Data Analyst Intern *Jan 2026 – June 2026*

BDreamz Global Solutions Pvt Ltd,Chennai, India.

- Cleaned and standardised datasets of 10,000+ records using Python and Excel, reducing downstream reporting errors by ~30%.
- Designed and deployed 5+ Power BI and Tableau dashboards tracking sales, customer, and operational KPIs for client presentations.
- Authored optimised SQL queries to extract and aggregate data from relational databases, cutting manual reporting time by ~40%.

PROJECTS

Zomato Restaurant Analytics Dashboard *Power BI*

- Built an interactive dashboard on a 10,000-row Zomato dataset spanning 800+ restaurants across 15 cities.
- Incorporated dynamic slicers, drill-through pages, and trend charts to surface top cuisines, peak rating periods, and regional revenue patterns.
- Reduced exploratory analysis turnaround from hours to minutes via pre-built filter logic and parameterised visuals.

Online Course Management System *MySQL*

- Architected a normalised 5-table relational schema managing students, courses, enrolment, instructors, and assessments.
- Implemented 20+ SQL queries including multi-table joins, subqueries, and aggregations for automated report generation.

Appointment Booking System *Python*

- Developed a desktop GUI enabling users to schedule, modify, and cancel appointments with persistent local data storage.
- Added input validation and error-handling routines, significantly improving reliability and end-user experience.

EDUCATION

B.E. Computer Science Engineering *2022 – 2026*

Panimalar Engineering College, Chennai CGPA: 8.1 / 10 (81%)

Higher Secondary Certificate (Grade 12) *2020 – 2022*

SRK Matric Higher Secondary School 75%

CERTIFICATIONS & ACTIVITIES

- SQL, Python, Excel, Power BI, Tableau — Besant Technologies (2026)
- Youth Red Cross Active Member — Panimalar Engineering College (2022–2026)
