NAVENTHARA C

B.E. BIOMEDICAL ENGINEERING | FRESHER | MEDICAL DEVICE ENGINEERING

Tiruchengode, Namakkal District, Tamil Nadu, India | +91 73970 09083 | naventharac@gmail.com

PROFESSIONAL SUMMARY

B.E. Biomedical Engineering graduate with a CGPA of 8.0/10 and introductory practical exposure through biomedical equipment training and hospital and biomedical service internships. Strong academic foundation in biomedical engineering, instrumentation, electronics, sensors and transducers, and healthcare technology. Seeking an entry-level opportunity in Medical Device Engineering or Biomedical Engineering, with a willingness to develop practical skills in equipment testing, troubleshooting, maintenance, quality, and technical documentation.

EDUCATION

Bachelor of Engineering (B.E.) – Biomedical Engineering
Mahendra Institute of Technology, Mallasamudram, Namakkal, Tamil Nadu | 2021 – 2025 | CGPA: 8.0/10

Higher Secondary Certificate (HSC)
Government Boys Higher Secondary School, Tiruchengode | 2019 – 2021 | 83%

Secondary School Leaving Certificate (SSLC)
Government Boys Higher Secondary School, Tiruchengode | 70%

TECHNICAL SKILLS

Biomedical: Biomedical Engineering Fundamentals, Biomedical Instrumentation, Sensors and Transducers, Medical Devices – Basic Knowledge, Medical Equipment – Introductory Exposure
Technical: Basic Electronics, Basic Troubleshooting Concepts, MATLAB – Basic
Software: MS Word, MS Excel
Professional: Technical Documentation, Technical Presentation

INTERNSHIP EXPERIENCE

Biomedical Trainee | VS Biomedical Service | 2024
- Gained introductory exposure to biomedical equipment and servicing activities.
- Observed basic medical equipment handling and servicing procedures.
- Developed awareness of basic biomedical equipment maintenance practices.

Biomedical Intern | Maharaja Hospital, Erode | 2023 – 2024
- Gained exposure to a hospital environment and biomedical engineering activities.
- Observed clinical and technical workflows.
- Assisted with basic documentation and related activities.

TRAINING AND TECHNICAL ACTIVITIES

Fundamentals of Biomedical Equipment – Hands-on Training | Medingers Healthcare Solutions | 23–24 February 2023
- Participated in two-day hands-on training on biomedical equipment fundamentals.
- Gained introductory practical exposure to biomedical equipment.
- Learned basic concepts related to equipment handling and servicing.

National Level Technical Symposium – BIOFENIX'24 | 30 August 2024
- Participated in technical paper presentation.
- Participated in Paper Expo.

ACADEMIC PROJECTS

Blood Glucose Level Monitoring GUI Using MATLAB
- Developed a graphical user interface for entering and displaying blood glucose values.
- Used MATLAB for healthcare-related data presentation.

- Applied biomedical engineering concepts to a healthcare application.

Phytochemical Screening of Tamarillo Fruit for Antidiabetic Activity

- Studied phytochemical components associated with antidiabetic activity.
- Gained basic experience in laboratory analysis and research methodology.
- Documented and presented project findings.

ACHIEVEMENTS

- **1st Prize – Paper Presentation**, Salem College of Technology
- **1st Prize – Paper Expo**, Salem College of Technology

CORE STRENGTHS

Quick Learning | Problem Solving | Analytical Thinking | Teamwork | Communication | Technical Presentation | Adaptability | Attention to Detail

CAREER INTERESTS

Medical Device Engineering | Biomedical Engineering | Medical Equipment Engineering | Medical Device Testing | Quality Engineering | Regulatory Affairs
