OBJECTIVE:

Motivated engineering student with a strong foundation in Java, Object-Oriented Programming, and MySQL. Seeking an entry-level software development role to apply programming and database skills in building reliable real world applications while continuously developing technical expertise.

EDUCATION:

B.E- CSE (Internet of Things), K. S. R. College of Engineering, Tiruchengode. **2023 till date**
CGPA: 8.7 (up to 6th semester)

Higher Secondary Certificate, Govt Higher Secondary School Pudhusampalli. **2022-2023**
Percentage: 76%

Secondary School Leaving Certificate, Govt High School Neethipuram. **2021-2022**
Percentage: Passed

SKILLS:

Programming Language : JAVA
Web development : HTML, CSS
Database : MySQL
Core Computer Science : Object-Oriented Programming, Data Structures
Tools : VS code, Eclipse, Intellij, Vercel, Git Hub

PROJECT:

Virtual Trading App:

Developed a web-based virtual trading application for learning and practicing trading concepts using virtual money. The application includes stock search, price information, watchlist, portfolio, orders, and virtual buy/sell features using HTML, CSS, JavaScript and Yahoo Finance.

Automatic Soil Irrigation System:

Developed an automatic soil irrigation system using Arduino and a soil moisture sensor to monitor the moisture level of the soil. When the soil becomes dry, the system automatically activates the water pump and stops watering when sufficient moisture is detected.

INTERNSHIP:

Uibo InfoTech (June 2025):

Gained hands-on experience with ESP32/Arduino development boards, sensor interfacing, microcontroller programming, and basic IoT application development using the Arduino IDE.

CERTIFICATIONS:

- **NPTEL Swayam -** Cloud Computing
- **Great Learning -** Front End Development

ACHIEVEMENTS:

- **Best Academic Performer Award** – Department of CSE (IoT), KSR College of Engineering (2024–2025).
- **Third Prize -** Intra-Paper Presentation on ConnectFest, K.S.R. College of Engineering (2024).
