Quality Engineering

To honestly endeavor and put forward my fullest effort to fulfill, even my simplest duties towards the requirements of the organization as an engineer and mankind as a human.

SUMMARY OF EXPERIENCE

- Experience in the areas of **Quality Control**, In-process quality, final quality, Receiving Quality (Incoming quality), welding quality , welding fixture maintained & material handling, man power handling, sheet metal processing, CNC Machine Quality, Quality Testing, FATP-Final Assembly Test and Packing in the Automotive seating systems.
- Well conversant with process improvements (Kaizen/Process Implementations/Poke-yoke/5S/3R)
- Well Conversant with Engineering Drawing GD/T. Knowledge about Measuring Instruments Vernier Caliper, height gauge, (Digital, Blade, Digital Tube, Micrometer), Bevel Protractor, feeler gauge, Digital Dial Guage, Digital Plating Thickness Tester, Snap Gauge, Plug Gauge, Thread Plug Gauge, Ring Gauge, Thread Ring Gauge, Radius Gauge, Pin Gauge.

Professional Experience (Totally 10 years of work experience)

Previous Employment
Employer : Sarathy TVS, Namakkal
Designation : Quality Control
Duration : 02.01.2024 - 01.04.2026
Experience : 2 Years

Previous Employment
Employer : *Estee Auto Pressing Ltd. Hosur*
Designation : Quality Engineer
Reporting to : Quality Manager
Duration :10.03.2021 – 28.04.2023
Experience : 2 Years (InProcess Quality Control - Receiving Quality)

Previous Employment
Employer : *STS Manufacturing Private Ltd. Hosur*
Designation : Quality Junior Engineer
Reporting to : Quality Supervisor
Duration : 01.03.2019-01.03.2021
Experience : 2 years (InProcess Quality Control – Final Quality)

Previous Employment
Employer :*Harita Seating Systems Ltd.* Hosur
Designation :Diploma Trainee
Reporting to :Team Leader – Quality Inspector
Duration :7.1.2015-10.1.2019
Experience : 4 years (InProcess Quality Control , Incoming Quality Control Tool Room)

RESPONSIBILITIES:

Receiving Quality Control [RQC] :

- Receiving Inspection for all parts child Part, Assembly part, Powder coating, Inspection followed as per QIS (Quality Inspection Standard)
- Layout Inspection, for Child Part and Assembly Parts
- Inspection for New Product (NPD) Parts and Child Parts Inspection
- Standards Room activity and maintaining the measuring Instruments.
- Attending In-house Quality issues and taking actions to run the line.
- Preparation for QIS (Quality Inspection Standard), Calibration of Instruments.
- Raising the Quality complaint to suppliers
- Sample Inspection of lot received from Supplier.
- Preparation for Sample GRN Inspection Report.
- Preparing action Plan for RQC related quality Issues.

In - Process Quality Control : IQC:

- Conduct sunrise and sunset meeting with Team Members.
