PROJECTS

Spiral brick column

This project focuses on the construction of a spiral brick column using bricks arranged in a spiral pattern.

The column is designed to provide structural stability along with an attractive architectural appearance.

The project demonstrates proper brick arrangement, bonding, alignment, and construction techniques.

It helps us understand the practical application of masonry skills and innovative column design.

LEADERSHIP & RESPONSIBILITIES

Executive Member – Civil Association: Served as an Executive Member of the Civil Association, demonstrating leadership, teamwork, coordination, and active participation in departmental activities.

CERTIFICATE

TN Skills 2025 – Level 1: Participated in the Wall and Floor Tiling skill competition conducted by TNSDC in September 2025.

TN Skills 2025 – Level 2: Participated in the Wall and Floor Tiling skill competition conducted by TNSDC during November–December 2025.
NPTEL: Completed the 12-week course Basic Construction Materials in Jan–Apr 2026.
Typewriting: Junior Grade Typewriting – English, 30 Words Per Minute, First Class with Distinction.
In-Plant Training: Completed 10 days of practical training in building/construction work.
Workshop: Participated in a technical workshop on Drone Swarm Technology for Industry 5.0.
NCC: Participated in the Annual Training Camp for SW/JW NCC Cadets.
