Objective

As a motivated and enthusiastic individual, I am eagerly waiting to kickstart my career in software development. I am a dedicated, quick learner who constantly seeks opportunities to enhance my knowledge.

Internship Experience

Software Development Intern, *Lifafa Tech Services Private Limited* 03/2025 – 08/2025

Project: ***Jai Kisan Navratna Sambandh***

- Contributed to both frontend and backend development using React.js and Java Spring Boot, implementing reward points tracking, wallet management and gift redemption workflows.
- Developed and integrated voucher and cash card purchase and redemption features in the Jai Kisan Navratna Sambandh platform, connecting with retailers (Quicksilver).
- Enhanced the cash card and voucher purchase failure notification system to effectively capture and report issues across multiple scenarios.

Project: ***Workperx***

- Migrated legacy Redux architecture to modern React with a redesigned frontend, enhancing performance and usability.
- Integrated APIs to display dynamic offers, employee perks.
- Optimized API calls and state management, reducing data load time and improving responsiveness.

Projects

Employee Management System, *Java | Springboot | PostgreSQL*

- Developed secure JWT-based authentication and role-based access control (RBAC) to protect sensitive endpoints and enforce permission-specific access
- Built REST APIs in Spring Boot for employee CRUD operations, role assignments, and permission management.

Todo Application, *HTML | CSS | Javascript*

- Developed a full-featured Todo application with add, update, and delete task functionalities. Implemented pagination for efficient task management and Stored tasks in local storage to maintain data persistence
- Designed a responsive UI to ensure seamless experience across desktop and mobile devices.

Education

B.E. Computer Science(cyber security), *Karpagam Academy of Higher Education* 2022 – 2026
CGPA: 8.4* Coimbatore

Higher Secondary Certificate, *Nalandas Higher Secondary School* 05/2022
Percentage: 82.16% Namakkal

Skills

Technical Skills
Java, Python, Springboot, ReactJS, Tailwind CSS

Version Control Systems
Git, GitHub, BitBucket

DBMS
PostgreSQL

Soft Skills
Adaptable, Collaborative, Rapid Learning

Acheivements

Leetcode 500+ problem solved 2025

- I've worked on various coding problems, learned new algorithms, and improved my problem-solving skills.

Top 10 Interns, *Internpedia* 06/2024

- Selected among the Interns at *Internpedia Internship Program* for outstanding performance and contribution.

Certifications

- Python Basics (HackerRank)
- React Frontend Developer (HackerRank)
