

SRIRAM SRITHAR

+91 6382698674 sriram06104@gmail.com

Highly organized and process-driven individual transitioning from SSI operations to project management. Eager to bring a year of experience in managing high-volume data, strict Turnaround Time adherence, and quality control to supply chain management team to drive operational excellence and cross functional collaboration.

EXPERIENCE

2025- PRESENT

Tata Consultancy Services

Backend Data Processing

- Managed, updated, and validated Standard Settlement Instructions (SSI) for financial counterparts to ensure accurate and timely trade settlements.
- Performed daily checks on SSI data in Citrix to prevent erroneous payments or misdirected funds.
- Handled high-volume SWIFT messages and bank payment instructions, ensuring zero-error processing
- Identified and implemented process improvements to reduce manual intervention, resulting in improved efficiency and reduced Turnaround Time with team.
- Coordinated with front-office, middle-office, and external custodians to resolve pending SSI queries within SLA.
- Generated and submitted Daily Production Reports (DPR) detailing volume processed, pending, and completed within strictly defined Turnaround Times
