RAGHUL R

AGRICULTURAL ENGINEER

Contact No: 8270685485 Email-id: raghuloffc@gmail.com

PROFESSIONAL SUMMARY

Recent Agricultural Engineering graduate with a strong foundation in agricultural machinery, irrigation systems, soil and water conservation, farm management, and sustainable agricultural practices. Eager to apply technical knowledge and problem-solving skills in a professional environment. Quick learner with good communication, teamwork, and analytical abilities, committed to continuous learning and contributing to organizational growth.

INDUSTRIAL TRAINING

Salem Survey Group of Companies & Institutions **November 2024**

- An 7-days field internship based on surveying and construction projects.
- Assisted in land survey activities, field data collection, and project documentation.
- Gained practical exposure to survey instruments, measurement techniques, and field operations.
- Worked effectively with the project team while demonstrating strong communication, teamwork, and problem-solving skills.
- Recognized for being a quick learner, punctual, hardworking, and committed to assigned responsibilities.

Ivory Gull Candy Company, Salem **January 2025 – February 2025**

- Successfully completed an internship in a food manufacturing and confectionery production environment.
- Observed and assisted in candy production processes, quality control, hygiene, and food safety practices.
- Gained practical knowledge of manufacturing operations, production workflow, and packaging procedures.
- Developed teamwork, communication, and time management skills while working in a factory environment.
- Maintained excellent attendance and completed all assigned internship activities successfully.

PROJECT

Inbuilt Mini Portable Air Compressor For two wheeler

- A compact inbuilt mini air compressor designed for two-wheelers to quickly inflate tubeless tires during emergencies.
- Powered directly by the bike's electrical system, it removes the need for external charging or manual pumps.
- This solution enhances rider safety and convenience especially on long rides, night travel, and remote routes.

EDUCATION

2019 -2020	**SRK Matriculation school**
SSLC	84%
2021-2022	**Sri Vidhya Saagar Higher Secondary School**
HSC	72%
2022-2026	**Mahendra Engineering College**
Agricultural Engineering CGPA	7.0
