MOHAMMUDHA ASHIFA

104 KNK Road Karungal palayam Erode-3 | +91 9342175705 | linkedin.com/in/mohammudha-ashifa

CAREER OBJECTIVE

Dedicated and motivated Computer Science student with a strong foundation in Python, Java, HTML, CSS, JavaScript, AI tools, and web development. Eager to apply technical knowledge, problem-solving skills, and logical thinking to real-world projects while continuously learning new technologies. With practical experience through internships, student development work, AI-based projects, and hackathons, seeking an entry-level opportunity to contribute to a growth-oriented organization, enhance my technical skills, and grow professionally.

EDUCATION

Bachelor of Computer Science – Nandha Arts & Science College, Perundurai-Erode **2024 – 2027**

Higher Secondary – C.S.I Girls Higher Secondary School **2023 – 2024**

Score: 64%

INTERNSHIP

Python Internship – C-Cube **May 2025 – Jun 2025**

- Completed an internship in Python programming with hands-on real-time implementation.
- Gained knowledge in Python fundamentals, problem solving, and logical thinking.
- Key Learnings: Python basics and syntax; Functions, loops, and conditional handling; Problems solving and logical thinking; Hands-on coding with real-time examples.

WORK EXPERIENCE (AS A STUDENT)

Student Developer – Technology Startup **Present**

- Working on live projects using HTML, CSS and JavaScript for front-end development.
- Building backend functionality with Supabase and managing code with Git and GitHub.
- Developed leadership, collaboration and problem-solving skills while balancing work with academics.

PROJECTS

AI Based Digital Suggestion Box **Dec 2025 – Mar 2026**

- Developed an AI-powered feedback system that collects user suggestions, performs sentiment analysis, and categorizes issues.
- Helps organizations make better decisions through smart insights.
- **Technologies Used:** HTML, CSS, React, Node.js, NLP, Firebase

AI Attendance Analyzer **Feb 2025 – Jun 2025**

- Developed an AI-based attendance system using automated tracking and digital data management.
- Reduced manual work and improved accuracy.
- **Technologies Used:** Python, OpenCV, Machine Learning

ACHIEVEMENTS & HACKATHONS

- Won Second Prize for Best Project at a college Innovation Day for the AI Attendance Analyzer.
- AI Attendance System selected for departmental trial and future implementation.
- Participated in multiple hackathons conducted within the college.

TECHNICAL SKILLS

Programming: Python, Java
Web Development: HTML, CSS, JavaScript
AI / Tools: AI Tools, Software Handling
Other: Web Development, Problem Solving, Logical Thinking

SOFT SKILLS

Teamwork | Time Management | Leadership | Critical Thinking

CERTIFICATIONS

- HTML – SoloLearn
- Python – Skillup
- Communication Skills – Aspire For Her (Inspire Program, Infosys Foundation)
- IP Awareness Program – NIPAM, Government of India
- Innovation Day – 2nd Prize | AI Attendance Analyzer
