MUTHAMIL V

Entry-Level Cybersecurity Analyst | Junior Security Analyst

Tamil Nadu, India | +91 6380652260 | muthamil.cs23@krct.ac.in | linkedin.com/in/muthamil-v-2038252a3 | github.com/muthamil13

PROFESSIONAL SUMMARY

Computer Science and Engineering (B.E.) student with hands-on training in ethical hacking, vulnerability assessment and network security. Skilled with Nmap and the OWASP Top 10, and experienced building secure web applications in Python, PHP and MySQL. Seeking an entry-level Cybersecurity Analyst role to detect, assess and reduce security risks.

TECHNICAL SKILLS

Security: Ethical Hacking, Vulnerability Assessment, Network Security, Nmap Scanning, OWASP Top 10, Threat Detection, Log Analysis, Encryption (AES)
Programming & Databases: Python, PHP, SQL, MySQL, JavaScript, HTML/CSS
Tools & Platforms: Nmap, Linux, Git, Azure (basics)

EXPERIENCE

Cybersecurity Intern Sep 18, 2025 – Nov 2, 2025

Elevate Labs

- Performed network scanning and vulnerability assessment using Nmap to identify open ports and exposed services.
- Assessed web applications against OWASP Top 10 risks and documented findings with remediation recommendations.

PROJECTS

AES Secure File Sharing System Python

- Built a file sharing application that encrypts files with AES to protect data confidentiality in storage and transfer.
- Applied secure key handling and access control practices to restrict file access to authorized users.

Online Voting System PHP, MySQL

- Developed a web-based voting system with secure user authentication and one-vote-per-user validation.
- Used SQL/MySQL for data storage and applied input validation to reduce SQL injection risk.

Carbon Emission Analysis Web System PHP, MySQL

- Built a full-stack web system with login authentication, secure session management, dashboards and reporting.
- Implemented Excel export of analysis reports for decision support.

EDUCATION

B.E. Computer Science and Engineering Expected 2026

K. Ramakrishnan College of Technology, Tamil Nadu

CERTIFICATIONS

- Cybersecurity Certificate – Simplilearn
- Cybersecurity Internship – Elevate Labs (Sep–Nov 2025)
