DHARSHAN K

Pallipalayam, Erode, Tamil Nadu | +91 9675241774 | dharsh8262@gmail.com

PROFESSIONAL SUMMARY

Motivated and detail-oriented Electronics and Electrical Engineering student currently in the **final year** of a Bachelor of Engineering program, with an expected graduation in 2027. Strong foundation in analog and digital circuits, microprocessors, microcontrollers, op-amps, transistors, and diodes, gained through coursework, lab work, and hands-on projects involving ADCs, DACs, multiplexers, and linear integrated circuits. Eager to apply technical knowledge to real-world engineering roles as a proactive learner and team player.

TECHNICAL SKILLS

Hardware: Digital logic circuits, microprocessors and microcontrollers
Core & Embedded Skills: Embedded systems, Embedded C, analog and digital electronics, transistors, diodes
Soft Skills: Problem solving, analytical thinking, adaptability, strong communication

PROJECT

Smart IoT-Based Fire Detection and Alert System

- Developed a smart IoT-based fire detection and alert system using Arduino/ESP32 and sensors.
- Detected fire, gas leakage, and temperature variations in real time.
- Sent instant alerts to users through a connected IoT platform.
- Applied and demonstrated skills in embedded systems, sensor interfacing, and IoT integration.

IN-PLANT TRAINING

Sakthi Sugars Limited, Appakudal
Gained exposure to industrial electrical systems, power generation, electrical machines, and safety practices.

EDUCATION

B.E. Electrical and Electronics Engineering | 2023 - 2027 (Expected)

Vellalar College of Engineering and Technology, Erode | Percentage: 78%
Higher Secondary Certificate (HSC) | 2022 - 2023

Govt Boys Higher Secondary School, Sankari, Salem | Percentage: 79.5%
Secondary School Leaving Certificate (SSLC) | 2021 - 2022

Govt Boys Higher Secondary School, Sankari, Salem

CERTIFICATIONS

- Introduction to Internet of Things - NPTEL, October 2025

LANGUAGES

English, Tamil, Malayalam
