BOOPALAN G

+91 7550317305 - boopalanboopalan5231@gmail.com – Linkedin - Github - Namakkal, Tamil Nadu

PROFESSIONAL SUMMARY

- Aspiring Full Stack Developer and Software Developer with skills in Python, Django, HTML, CSS, JavaScript, Bootstrap, Oracle SQL, React.js , MongoDB and REST APIs.
- Passionate about developing responsive web applications and efficient software solutions with clean and maintainable code.
- Strong understanding of front-end development, back-end development, database management, and software development fundamentals.
- Quick learner with excellent problem-solving, debugging, teamwork, and communication skills, eager to contribute to innovative technology projects.

TECHNICAL SKILLS

- **Programming Languages :** Python, JavaScript
- **Front-End :** HTML5, CSS3, Bootstrap**,** Tailwind CSS, React.js
- **Back-End :** Django, Django REST Framework (DRF)
- **APIs & Data Formats :** REST APIs, JSON
- **Database :** Oracle SQL**,** MongoDB
- **Version Control :** Git, GitHub
- **Tools :** VS Code, Postman

PROJECTS

AI Traffic Management System | Project Source Code

- Built backend system for real-time traffic data processing
- Implemented vehicle detection and traffic density analysis using computer vision techniques.
- Optimized traffic flow using greedy algorithms, reducing waiting time by 15–20%
- Built REST API-based architecture for real-time data processing

AI-Based Wild Animal Detection System | Project Source Code

- Developed a computer vision system to detect and classify wild animals in real time
- Implemented machine learning models for image recognition
- Used arrays and hash maps for efficient object tracking.

Personal Portfolio Website | Portfolio Link

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, and achievements.
- Built an interactive user interface using React.js and Tailwind CSS with smooth navigation and modern design.
- Deployed the portfolio online and integrated links to GitHub, LinkedIn, and project repositories.

EDUCATION

B.Tech – Artificial Intelligence and Data Science **Oct 2022 - April 2026**
Sengunthar Engineering College (**CGPA: 8.13**)
B.E – ECE with Minor in Iot & its applications **Oct 2024 - April 2026**
Sengunthar Engineering college (**CGPA : 8.4)**

EXPERIENCE

Python Intern | Ruddo Education Solutions Pvt. Ltd. **July 2024 - Oct 2024**

- Developed Python-based automation solutions, improving data processing efficiency.
- Debugged and optimized code to improve application performance.

Full Stack Development Intern | Ruddo Education Solutions Pvt. Ltd. **Oct 2024 - Nov 2024**

- Developed web applications using front-end, back-end, and database technologies.
- Implemented CRUD operations for data management**.**

Python Full Stack Development Trainee | QSpiders **Feb 2026 - Sep 2026**

- Completed hands-on training in Python, HTML, CSS, JavaScript, Bootstrap, Django, and Oracle SQL.
- Built full-stack web applications using Django with CRUD operations and Git/GitHub for version control**.**

CERTIFICATIONS

- Python Programming & Full Stack Development – Ruddo Education
- AI-ML Virtual Internship – EduSkills
- MATLAB & OOP Onramp – MathWorks
- Web Development & AI Tools Training – Alpha Tech Academy
