JANARANSHINI P

Erode, Tamil Nadu | +91 9789730591 | janaranshiniprabaharan@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Cyber Security, skilled in Python, SQL, and Java, with hands-on project and internship experience. Strong understanding of secure data practices and risk assessment, now building toward a career in cloud data engineering and AI-driven data solutions.

EDUCATION

B.E. Computer Science and Engineering (Cyber Security) 2023 - 2027

Nandha Engineering College, Erode, Tamil Nadu CGPA: 8.3

TECHNICAL SKILLS

Programming Languages: Java, SQL, Python

Web Development: HTML, CSS

Tools: VS Code, MS Office (Word, Excel, PowerPoint)

Platforms: Linux, Windows

PROJECTS

LARVIX — Lightweight Static Worm Malware Scanner and Risk Assessment Tool **2026**

Tech: Python

- Built a static-analysis tool to detect worm-based malware without executing suspicious code.
- Implemented risk-scoring logic to classify and prioritize potential threats by severity.

NFINITY-Ed — Boundless Virtual Learning **2025**

Tech: HTML, CSS

- Developed a virtual learning platform to support online education and improve student engagement. Built interactive learning features with digital resources and integrated communication tools.

PRACTICAL EXPERIENCE

Cyfotok InfoSec — Cybersecurity Intern **May - June 2025**

- Conducted authorized phishing simulations and social-engineering exercises in controlled environments using tools such as CamPhish, gaining practical exposure to phishing tactics and camera-permission abuse.
- Analyzed common attack techniques and user interactions to strengthen understanding of cybersecurity threats, security awareness, and defensive practices.

Prompt Infotech — Cybersecurity Intern **Dec - Jan 2026**

- Documented security findings and reproducible impacts, providing clear observations and recommended remediation measures such as camera-permission hardening and user awareness.
- Followed non-destructive testing and safe disclosure practices, ensuring all cybersecurity activities were performed within authorized and controlled environments.

ACHIEVEMENTS & CERTIFICATIONS

- 2nd Prize - Innovation Day ’26 (Fake Wi-Fi Access Point Honeypot)
- Treasurer, Cyber Security Department (2026 – 2027)
- Participated in CodeDuo, Paper Presentation, and a 24-hour hackathon
- Certifications: Springboard(Data Science, AI), NPTEL (Cyber Security), Cisco (Networks), MongoDB
