PROFESSIONAL SUMMARY

Final-year B.Tech (AI & Data Science) student with hands-on project experience in machine learning, algorithm design, and Java/Python application development. Seeking an entry-level Software Engineer / Developer role to apply strong programming fundamentals and problem-solving skills.

TECHNICAL SKILLS

- **Programming Languages:** Core Java (OOP, encapsulation, inheritance, polymorphism), Python
- **Machine Learning:** NumPy, Pandas, Scikit-learn, TensorFlow, PyTorch, Jupyter Notebook, Google Colab, supervised/unsupervised learning
- **Front-End:** HTML, CSS, JavaScript
- **Tools/Concepts:** NetworkX, Matplotlib, OpenCV, Git, Data Structures & Algorithms

PROJECTS

Flight Short Route Finder

- Built a Python application that computes the shortest route between two airports using Dijkstra's algorithm and real-world flight distance data.
- *Tools:* Python, NetworkX, Matplotlib

Object Classification using Python

- Developed a Convolutional Neural Network (CNN) model to classify images into predefined categories.
- *Tools:* Python, TensorFlow, OpenCV

Department Store Management System

- Built a Java console application to manage store operations, including adding, updating, and deleting products, tracking inventory, generating bills, and recording daily sales.
- *Tools:* Java

INTERNSHIP EXPERIENCE

- Optimus Technologies, Salem — Python Development Intern (20 days): Developed and tested Python code as part of a hands-on programming internship.
- Towards Technology, Ariyalur — Java Programming Intern (15 days): Strengthened core Java programming fundamentals through applied development tasks.

CERTIFICATIONS

- Fundamental Algorithms: Design and Analysis — NPTEL
- Distributed Systems — NPTEL
- Foundations of Cloud, IoT and Edge ML — NPTEL

AWARDS & RECOGNITION

- Participated in the HackIndia contest, developing an accessible Flight Short Route System for passengers.

EDUCATION

B.Tech, Artificial Intelligence & Data Science — Muthayammal Engineering College (Autonomous), Anna University
CGPA/Percentage: 75% | Expected Graduation: 2026
