MONISHA M
BIOMEDICAL ENGINEER

monishamurugeshan2006@gmail.com
9655015782
2/53,Pampanpatty,karur(Dt)

OBJECTIVE

To obtain a challenging position where I can use my hardware and software skills,learn from experienced professionals, and contribute to the success of the organization.

EDUCATION

- Kongunadu College Of Engineering Technology 2023-2027

B.E-Biomedical Engineering CGPA : 7.63

- Govrnment Higher Secondary School,Vengampatty 2023

Percentage : 55%

PROJECT

- **A Wearable Approach for Arthritis Monitoring**

Developed a wearable device for arthritis monitoring using sensors and Arduino Nano to collect and analyze joint signals for early detection and continuous monitoring.

- **Hygienic sanitary waste incineration system**

Designed a hygienic sanitary napkin waste incineration system using sensors and a heating coil for safe, efficient, and eco-friendly biomedical waste disposal.

INDUSTRIAL VISITS

- Prashan Medical Technologies -Coimbatore.
- KAV healthcare – Madhurai.
- Govt Hospital – Namakkal.
- Pasteur Institute of India-Coonoor.

TECHNICAL SKILL

- Java

VALUE ADDED COUSRE

- Medical coding
- Biomedical Hardware Training
- Java

AREA OF INTERST

- Biomedical instrumentation
- Anatomy and human physiology

INTERNSHIP

- **Code Bind Technologies -Trichy**

Completed a Java internship at Code Bind Technologies, where I gained hands-on experience in core java and Object-Oriented Programming (OOP) concepts. I developed simple Java applications, improved my problem-solving .

- **Newton Biomedical Service – Karur**

Assisted in the maintenance of biomedical equipment. Learned about the installation and servicing of medical devices. Observed troubleshooting and repair of hospital equipment.

- **Srineevasan Medical College – Trichy**

Completed internship at Srinivasan Medical College Hospital,Trichy,gaining hands on exposure to biomedical equipment maintenance,calibration,and hospital medical device management.

NPTEL CERTIFICATES

- Completed the NPTEL Course on "Organizational Behaviour" with 58%
- Completed the NPTEL Course on "Internet of Things" with 51%

LANGUAGE

- Tamil
- English
