SRINATH T

Mechanical Design Engineer

+91 9952143380 | srinath4651@gmail.com | linkedin.com/in/srinath-t-3555bb29

CAREER OBJECTIVE

I am passionate about transforming engineering ideas into practical and innovative designs. My core interest lies in mechanical design, with a strong foundation in 3D modeling, 2D drafting, GD&T, and assembly. I have hands-on, basic experience with SolidWorks, Fusion, and AutoCAD, and am seeking a Mechanical Design Engineer role where I can apply my design skills, solve engineering problems, contribute to innovative projects, and grow professionally.

EDUCATION

Bachelor of Engineering in Mechanical Engineering — CGPA: 7.69

K S R Institute for Engineering and Technology, Namakkal, Tiruchengode, Tamil Nadu – 637215

HSC – 54.2%

Government Higher Secondary School, R. Pattinam, Rasipuram, Tamil Nadu – 637407

GATE 2026 – Mechanical Engineering | Score: 1

INTERNSHIP EXPERIENCE

Internship Trainee | UNIT-IT (AutoCAD), Salem | July 2024 | 13 Days

Learned the basics of AutoCAD and 2D drafting through practical exercises. Gained hands-on experience in fabrication material selection and worked on a trolley design project. Also explored the working principles of a basic four-bar mechanism, gaining practical understanding of mechanical design and drafting.

Internship Trainee | SAIL (Steel Plant), Salem | June 2025 | 18 Days

Learned and explored material planning, manufacturing, and material handling of stainless steel and carbon steel. Gained practical exposure to material testing, quality inspection, and manufacturing processes, while developing an understanding of industrial manufacturing operations and quality practices.

Internship Trainee | Mettur Thermal Power Station-II, Mettur | June 2026 | 15 Days

Gained practical exposure to industrial safety, technical services, mill plant operations, boiler maintenance, ash handling systems, and coal handling processes. Observed thermal power plant operations, fuel handling, boiler systems, preventive maintenance activities, and safety practices, while developing a strong understanding of power generation processes and industrial operations.

SKILLS

Technical Skills

• SolidWorks • Fusion • AutoCAD • Creo

Soft Skills

• Teamwork • Problem Solving • Team Collaboration • Design Thinking

CO-CURRICULAR ACTIVITIES

- Participated in “SAH” — presented a paper and prototype on a low-cost smart transportation solution for agri-products, at K S R College of Engineering, Tiruchengode (30th September 2025).
- Participated in the “CAD Modelling Competition” and designed a screw jack, at Paavai College of Engineering, Namakkal (08th April 2025).
- Participated in “Generative AI in Mechanical Design” — gained exposure to AI-assisted design, the basics of training AI models, and design applications, at K S R Institute for Engineering and Technology, Tiruchengode (07th & 08th April 2025).
- Participated in the Industry-Sponsored GD&T Workshop, gaining basic knowledge of mechanical drawings and component design, at SAN Technovation, Coimbatore (2024).

ACHIEVEMENTS AND CERTIFICATIONS

- Completed “Automation in Manufacturing” course on NPTEL.
- Automatic Streetlight System with IR Sensor — Project in Mechatronics.
- Geometric Dimensioning & Tolerancing (GD&T) – Industry-Sponsored Workshop.

LANGUAGES

Tamil – Proficient | English – Intermediate
