kamalnathm2003@gmail.com

OBJECTIVE

Electronics and Communication Engineering (ECE) graduate with expertise in circuit design, embedded systems, VLSI, and communication technologies. Proficient in hardware-software integration, signal processing, and PCB design, with experience using MATLAB, Verilog, and Cadence. Passionate about problem-solving and innovation, eager to contribute technical and analytical skills to a core electronics team .

EDUCATION

Degree / Course	University / Board	Percentage / CGPA	Year of passing
B.E/ELECTROINCS AND COMMUNICATION ENGINEERING	DHIRAJLAL GANDHI COLLEGE OF TECHNOLOGY	7.5	2026
HIGHER SECONDARY CERTIFICATE	WISDOM GATES MATRICULATION HR, SEC, SCHOOL.	57.6	2022
SECONDARY SCHOOL LEAVING CERTIFICATE	WISDOM GATES MATRICULATION HR, SEC, SCHOOL.	86.7	2020

SKILLS

Python (Basics) **MS Excel** **Embedded Systems(Basics)**

UI/UX DESIGN (Figma ,MockFlow ,UX Pin) **FULL STACK DEVELOPMENT (BASIC - HTML ,CSs)**

PROJECTS

Wifi Control Smart Car

A WiFi-controlled smart car is a robotic vehicle operated remotely via a microcontroller (ESP8266/ESP32) and a web or mobile interface.

A Wi-Fi Controlled Smart Car is a robotic vehicle operated remotely via a mobile app or web interface, using Arduino, Raspberry Pi, or ESP modules for smart applications like surveillance and automated parking.

Drowsiness Detection Management

A Drowsiness Detection System monitors driver fatigue using cameras or sensors, processes data with AI, and triggers alerts to prevent accidents.

Driver Drowsiness Detection prevents accidents by monitoring face, steering, and heart rate. AI alerts drivers via alarms or vibrations. Used in road safety, fleet management, and industry.

IoT based Patient Health Monitoring System

An IoT-based Patient Health Monitoring System uses smart sensors to track vitals and transmit data in real-time for monitoring, alerts, and timely medical intervention.

IoT-Based Patient Monitoring System tracks vital signs in real time and transmits data to doctors, ensuring timely care, reducing hospital visits, and improving healthcare accessibility.

CERTIFICATIONS

- IMAGECON ACADEMY (AI Advanced)
- Advanced PCB Design :Schematic to Fabrication
- Oracle Cloud Infrastructure

ADDITIONAL PERSONAL INFO

Address 75- Jai Nagar Muniyappan kovil ,Omalur ,Salem-636455

Languages	ENGLISH, TAMIL, TELUGU
