PROFESSIONAL SUMMARY

Results-driven Power Electronics and Electrical Engineer with over 10 years of progressive industry experience spanning industrial electrical maintenance, power electronics, VFDs & drives, industrial control systems, and electrical design projects. Currently pursuing a Master's degree in Power Electronics and Drives while serving in engineering roles. Combines strong hands-on operational and maintenance experience with electrical design, schematics drafting, diagnostic troubleshooting, and site execution skills.

CORE TECHNICAL SKILLS

Power Electronics & Drives:	VFDs, Inverters, Rectifiers, IGBTs & Power Semiconductor Devices, Industrial Drives
Electrical Maintenance:	Preventive & Breakdown Maintenance, Motors, LT Panels, Power Distribution, Fault Diagnosis
Design & Simulation Software:	AutoCAD Electrical, ETAP (Load Flow, Short Circuit, Voltage Drop), DIALux EVO, MATLAB/Simulink
Automation & Safety:	PLC Systems (Siemens, ABB, Allen Bradley), Energy Auditing, Electrical Safety & Codes

PROFESSIONAL EXPERIENCE

Electrical Maintenance Engineer
Mar 2024 – Present

Dinesh Kumar / Saravanagiri Spinning Mills, Tiruchengodu & Salem, TN

- Manage preventive and breakdown maintenance of electrical systems, motors, and high-capacity drives in textile manufacturing operations.
- Troubleshoot electrical and drive faults rapidly to minimize operational downtime and increase plant reliability.
- Lead energy efficiency initiatives and enforce strict adherence to industrial safety standards.

Project Engineer (Electrical)
Jul 2023 – Dec 2024

Prakash Power Planning Pvt. Ltd., Bengaluru, KA

- Prepared detailed electrical layouts, single-line diagrams (SLDs), and schematics using AutoCAD Electrical.
- Reviewed project engineering drawings and ensured full compliance with national electrical standards and codes.
- Identified technical risks and supported project cost optimization through practical design refinements.
- Coordinated closely with site execution teams and vendors for quality assurance and timely project delivery.

Electrical Maintenance Engineer
Dec 2022 – Jun 2023

Alamelu Textiles Pvt. Ltd., Salem, TN

- Executed preventive and emergency maintenance for industrial motors, VFDs, and automated textile machinery.
- Diagnosed complex faults in main distribution panels, LT panels, and motor control circuits.
- Conducted energy audits to evaluate efficiency gaps and implemented corrective measures.

Electrical Machines Lab Instructor
Jul 2016 – Apr 2019

Excel Engineering College, Namakkal, TN

- Conducted practical laboratory sessions on electrical machines, transformers, and electrical safety practices.
- Demonstrated working principles of AC/DC motors, alternators, and speed control circuits.
- Guided engineering students through practical troubleshooting and experimental circuit testing.

Electrical Supervisor **May 2013 – Jul 2016**

Sri Sai Lakshmi Service, Salem, TN

- Supervised industrial and commercial electrical installation, wiring, and maintenance projects.
- Interpreted engineering schematics and verified site installation quality and alignment.
- Managed maintenance personnel and ensured strict adherence to workplace safety regulations.

Electrician **Jun 2008 – May 2010**

Gangotri Textiles Ltd., Coimbatore, TN

- Executed installation, repair, and wiring of industrial LT panels, transformers, and lighting systems.
- Performed fault identification using multimeters, insulation resistance testers (Megger), and diagnostic tools.
- Assisted senior engineering staff during scheduled plant shutdown, commissioning, and preventive maintenance.

EDUCATION

Master of Engineering (M.E.) – Power Electronics and Drives **Expected June 2026**

Pursuing

Bachelor of Engineering (B.E.) – Electrical & Electronics Engineering **2022**

Aishwarya College of Engineering and Technology, Erode | CGPA: 7.47

Diploma in Electrical Engineering **2013**

Mahendra Polytechnic College, Namakkal | Percentage: 77.79%

CERTIFICATIONS & TRAINING

- **Post Graduate Diploma in Industrial Automation** (PLC Siemens, ABB, Allen Bradley)
- **EV Simulation Engineer** – CloudKampus
- **Electrical Design Engineer Training** – DeltaTMEP, Bengaluru
- **AutoCAD Electrical Certification** – CADD Centre
- **NPTEL / SWAYAM Technical Courses**

LANGUAGES & OBJECTIVE

Languages: English (Fluent), Tamil (Fluent), Hindi (Upper Intermediate), Kannada (Intermediate)

Career Objective: To contribute to a technically challenging role in Power Electronics and Drives, leveraging hands-on industry experience and advanced studies for long-term organizational growth.
