PROFESSIONAL SUMMARY

Enthusiastic B.Sc. Information Technology graduate seeking an entry-level opportunity to apply technical knowledge, analytical thinking, and problem-solving skills in a professional environment. Familiar with programming, web technologies, databases, and MS Excel, with hands-on project experience. Eager to learn new skills, adapt to different responsibilities, and contribute to organizational goals while building a successful career.

TECHNICAL SKILLS

- Programming Languages: Python, C (basics)
- Web Technologies: HTML5, CSS3, JavaScript, React.js
- Database: SQLite(Basics)
- Tools: VS Code, GitHub, MS Excel
- Core Knowledge: OOP,DBMS ,Data Structures

PROFESSIONAL PROJECTS

Skill Bootstrap – Transforming Careers for the AI Era — *Python, Flask, SQLite, HTML, CSS, JavaScript*

- Built a full-stack career guidance web application, organizing user input data to generate structured career roadmap reports.
- Managed user login and data validation logic, maintaining accurate records and ensuring data accuracy in SQLite.
- Coordinated testing and deployment on Render, performing quality checks to confirm consistent, error-free functionality.

IoT Projects: Smart Irrigation System & Gas Leakage Alert System — *IoT, Sensors*

- Collected and documented real-time sensor data (soil moisture, gas levels), maintaining accurate records to support reliable alerts.
- Analyzed sensor output during testing and calibration, applying attention to detail to ensure process adherence and quality.

INTENSHIPS

Front-End Developer Intern — **San Technovation Pvt Ltd, Erode** | *21 May 2025 – 10 Jun 2025*

- Completed a structured training program covering HTML5, CSS3, JavaScript, and React.js, following defined SOPs within a mentored, day-shift training model.
- Built responsive web pages and reusable components, applying attention to detail and quality checks to maintain consistent, error-free output.
- Documented work and coordinated with peers in a team-based training environment, supporting professional communication and on-time delivery.

Python Intern — **Basant Technology** | *15 Sep 2025 – 22 Oct 2025*

- Completed guided, mentor-led training sessions covering core Python concepts including variables, loops, functions, and basic data structures.
- Prepared and documented simple Python programs, applying attention to detail and structured problem-solving to improve accuracy.
- Organized time and prioritized tasks while completing sequential assignments, supporting process adherence within the training schedule.

EDUCATION

Bachelor of Science in Information Technology - *Nandha Arts and Science College, Erode | 2023 – 2026*
