Career Objective

Motivated Biomedical Engineering student with knowledge in programming, web development, databases, and healthcare technology. Seeking opportunities to apply technical, analytical, and problem-solving skills in biomedical and software projects while contributing to organizational growth and innovation.

Education

B.E. Biomedical Engineering *2023 – 2027*

AVS Engineering College (Autonomous), Salem CGPA: 8.40/10

Higher Secondary Certificate (HSC) *2022 – 2023*

Municipal Girls Higher Secondary School, Salem 60%

Secondary School Leaving Certificate (SSLC) *2020 – 2021*

Municipal Girls Higher Secondary School, Salem 100%

Technical Skills

- **Medical and Technical:** Signal Processing , Embedded System , Medical Equipment
- **Programming:** Python, Java, MATLAB
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Databases:** Oracle, MongoDB
- **Soft Skills:** Communication ,Presentation,Problem Solving
- **Areas of Expertise:** Biomedical Instruments, Medical Equipment Handling,Embedded Systems,Healthcare Technology,Full Stack Development

Projects

Patient Health Monitoring System *IoT, ESP8266, NodeMCU, Sensors*

- Developed an IoT-based biomedical monitoring system using ESP8266, embedded sensors, wireless communication, and LCD display for real-time patient health monitoring

IceCreamy E-Commerce Website GitHub | Live Demo

- Developed a responsive multi-page Ice Cream E-commerce website using HTML, CSS, and JavaScript with product catalog, shopping cart, wish list, search functionality, and local storage integration for an enhanced user experience

Mangiora Premium Mango Juice Landing Page GitHub | Live Demo

- Developed a cinematic, responsive product landing page with scroll-based animations, interactive UI, and modern front-end technologies using HTML, CSS, and JavaScript.

Internships

- **Biomedical Equipment Internship** – Dr. Thiru Neuro & Multispeciality Hospital, Salem *(Jan 30 – Feb 06, 2025)*
- **Image and Signal Processing Internship** – Odugaatech Pvt. Ltd., Salem *(Jul 04 – Jul 19, 2025)*
- **Industrial Visit** – Medsby Healthcare and Engineering Solutions, Coimbatore *(Sep 26, 2025)*

Workshops

- Completed Advanced Hands-on Training on Critical Care Equipment at Mahendra College of Engineering, Salem.
- Completed Workshop on Medical Coding at Thought Flows Medical Coding Academy, Erode.
- Completed Workshop on AI Tools at AI Gen , Salem

Achievements

- Presented a paper at the National Level Technical Symposium "TEKCLUSTER'25".
- Presented a paper at the National Level Technical Symposium "VARNAM26

Certifications

- Python Programming
- Full Stack Development
- Oracle Database
- NPTEL – Microsensors, Implantable Devices and Rodent Surgeries for Biomedical Applications
- MATLAB Programming
