## Summary

Analytical B.Tech (Food Technology) graduate with experience in Computer Vision and Machine Learning, specializing in data validation, annotation, and quality assurance. Possesses strong problem-solving and data-handling skills, with a keen interest in IT and data-related fields. Eager to leverage technical expertise and adaptability in an entry-level role.

## Skills

- Computer vision
- Image processing techniques
- Video analysis methods
- Data annotation
- Data preprocessing techniques
- Image labeling tools
- Technical proficiencies
- Windows and Linux OS knowledge
- Excel for analytical tasks
- Analytical skills
- Project management
- Team collaboration
- Attention to detail focus
- Soft skillset
- Attention to detail focus

## Experience

11/2024 - 04/2026
MAHENDRA NEXT WEALTH IT INDIA PVT LTD

**Machine Learning / Computer Vision Associate**

- Developed and implemented Computer Vision and Machine Learning projects to enhance AI-driven data processing systems.
- Provided accurate data inputs to train and improve machine learning models, ensuring high-quality outputs.
- Partnered with Smiths Detection team to improve system performance and accuracy of detection algorithms.
- Identified errors and provided actionable feedback to enhance model performance.
- Conducted data auditing and quality checks to maintain consistency and reliability of processed files.
- Performed production support activities, ensuring smooth workflow and timely issue resolution.
- Maintained documentation and followed standard operating procedures for data handling and validation.

•Mahendra Next Wealth IT India Private Limited Ltd.
• Remote

## Education

2024
Namakkal

**B.Tech** in Food Technology
Mahendra Engineering College

2020
Kalipatti

**HSC**
Mahendra Matric Hr. Sec. School

2018
Sakkarampalayam

**SSLC**
Shri Vidhyabharathi Matric Hr. Sec. School
