SANTHIYA N

Phone: +91 6385280324 | Email: santhiyamaheswari23@gmail.com | LinkedIn: SANTHIYA N

Objective

To begin my professional journey in a growth-oriented organization where I can utilize my technical and problem-solving skills, embrace new technologies, enhance my expertise and contribute effectively to organizational success.

Education

B.E. Electronics and Communication Engineering **(2023 – 2027)**

Nandha Engineering College (Autonomous), ErodeCGPA: 8.2/10

No History of Arrears.

Technical Skills

Programming	**:**	Core Java, SQL(Basics), Python(Basics)
Others	**:**	Typewriting completed.
Language	**:**	Tamil, English

Projects

AI-Based Electricity Theft Detection and Localization

- Developed an ESP32-based system to detect electricity theft by comparing feeder and registered consumer power consumption.
- Applied AI-based analysis to identify abnormal consumption and indicate possible theft.

Commercial Vehicle Speed Limiter System

- Developed an Arduino Nano-based system to monitor vehicle speed using an IR speed sensor.
- Automatically limits vehicle speed when it exceeds the predefined limit for improved road safety.

Internship Experience

Caliber Embeded Technologies (28 Days)

- Learned the fundamentals of embedded systems and microcontroller programming.
- Worked with basic electronic circuits and embedded development concepts.
- Gained practical exposure to circuit design and testing techniques.

Co-Curricular Activities

- Participated in a Paper Presentation at KSR Institute for Engineering and Technology.
- Participated in a Project Presentation at Karpagam College of Engineering.
- Attended a 2-day Technical Workshop at KSR Institute for Engineering and Technology.

Certifications

Internet of Things (IoT) , Cloud Computing and Introduction to Industry 4.0 and Industrial IoT(NPTEL) – IIT Certified online courses.
