ZIAUDDIN BASHA

UI/UX Designer & Graphic Designer

Bengaluru, India | +91 9943259860 | ziauddind0804@gmail.com

Portfolio | LinkedIn

PROFESSIONAL SUMMARY

UI/UX and Graphic Designer with 3+ years of experience designing responsive, user-centered digital experiences and brand identity systems for web and mobile. Expert in Figma, with hands-on experience across the full design lifecycle: user research, wireframing, prototyping, design systems, and WCAG accessibility standards. Track record of reducing design-to-development handoff time, improving engagement metrics, and delivering pixel-perfect, brand-consistent interfaces. Skilled in integrating AI tools (Midjourney, UX Pilot, ChatGPT) to accelerate ideation and production workflows.

CORE SKILLS

Design & Prototyping: Figma (Expert), Adobe XD, Sketch, Framer, Zeplin, Adobe Illustrator, Photoshop, InDesign

UX Research & Strategy: User-Centered Design (UCD), Information Architecture, User Journey Mapping, Wireframing, Usability Testing, Heuristic Evaluation

Design Systems: Component Libraries, Atomic Design, Design Tokens, Responsive/Adaptive Design, WCAG Accessibility (a11y)

Brand & Visual Identity: Typography, Color Theory, Brand Guidelines, Logo Design, Packaging Design, Presentation Design

Tools & Methods: Midjourney, UX Pilot, Uizard, ChatGPT/Gemini, Jira, Slack, Agile/Scrum

PROFESSIONAL EXPERIENCE

UI/UX & Graphics Designer | Content Feeds *Nov 2025 – Present*

- Lead end-to-end product design for web and mobile, conducting user research and persona analysis to inform UI/UX decisions, contributing to measurable gains in user engagement and brand consistency.
- Build and maintain scalable UI kits and responsive design systems in Figma, cutting design-to-development handoff time by roughly 25% and ensuring pixel-accurate implementation across screen sizes.
- Convert business requirements into high-fidelity wireframes and interactive prototypes, shortening stakeholder feedback cycles and accelerating design validation.
- Apply visual hierarchy, WCAG accessibility, and typography principles to reduce user friction and improve interface clarity.
- Partner with engineering and product teams on design specs, using Midjourney and UX Pilot to speed up asset generation and creative iteration.

Graphic Designer | LMES Academy *Jul 2024 – Jan 2025*

- Owned visual brand strategy for LMES Academy, producing social campaigns and ad creatives that lifted engagement by roughly 20% and reinforced consistent brand identity across channels.
- Designed UI-focused digital assets — landing pages, app graphics, responsive banners — in Figma, Photoshop, and Illustrator to support student enrollment goals.
- Integrated Midjourney, Adobe Firefly, and ChatGPT into the creative process, cutting concept-to-asset production time and improving visual storytelling for educational content.
- Built and maintained a centralized UI component and brand style-guide library, reducing cross-department production timelines.
- Analyzed interaction data and user feedback to iteratively refine creative assets, improving click-through rate (CTR) by roughly 15%.

Graphic Designer | Content Feeds *Feb 2022 – May 2024*

- Designed high-conversion social content — including multi-slide carousels and promotional graphics — for Instagram, LinkedIn, and Facebook, boosting audience interaction by roughly 18%.

- Applied advanced typography, color hierarchy, and composition principles to maximize content readability and engagement.
- Enforced brand guidelines across all platforms while incorporating current design trends to keep the brand aesthetic modern and consistent.
- Collaborated with marketing teams to translate campaign strategy into visual assets, using performance data to iteratively improve creative ROI.

Note: Returned to Content Feeds in Nov 2025 in an expanded UI/UX-focused role following a period in brand/graphic design at LMES Academy.

PERSONAL PROJECTS

MaayaPath — Maternal Wellness Platform | UI/UX & Product Design

Designed end-to-end UI/UX for a responsive maternal wellness app and website, from user research and UX strategy through wireframes, high-fidelity screens, and interactive prototypes in Figma — creating accessible, trustworthy experiences for personalized healing roadmaps, expert consultations, and community support.

Orévia — Branding & Visual Identity | DesignBoat Brand Innovation Hackathon 2026

Designed a full premium brand identity system — strategy, visual identity, packaging for 4 SKUs, brand guidelines, and digital extensions — presented in a 20-slide deck.

Atria Renewable — Responsive Web UI

Designed a responsive homepage UI (testimonials/social proof section) across desktop, tablet, and mobile breakpoints in Figma, following a structured design-system approach.

EDUCATION

Bachelor of Computer Science — M.G.R. College of Arts and Science, Hosur, India (Jul 2017 – Mar 2020)

CERTIFICATIONS

- UX/UI Design Certification — DesignBoat School, Bangalore (2025)
- Webflow Certification — DesignBoat UI/UX School (2025)
- Graphic Design Certification — Web D School, Chennai (2021)
