ABOUT ME

Enthusiastic and motivated IT fresher with a strong foundation in computer science, software development fundamentals, testing, databases, and web technologies. Possess good problem-solving, analytical, communication, teamwork, and time-management skills. Quick learner with the ability to adapt to new technologies and work effectively in a team environment. Seeking an entry-level opportunity in the IT industry to apply my technical knowledge, develop my skills, gain practical experience, and contribute to the growth of the organization.

WORK EXPERIENCE

Process Associate in Inouora Technologies (june2026 -oct2026)

- LiDAR Annotator
- Annotated 1500+ LiDAR frames with 3D cuboids for vehicles, pedestrians, cyclists and other objects
- Performed object classification, tracking with consistent IDs, and occlusion handling in complex traffic scenes
- Maintained 98%+ quality score in internal QA audits and achieved 100% TAT compliance
- Verified LiDAR-camegra fusion alignment to ensure accurate 3D to 2D projection
- Collaborated with QA team to resolve edge cases and improve annotation guidelines.

PROJECTS:

1. LiDAR Annotation:

Annotated 3D point cloud data with cuboid bounding boxes for vehicles, pedestrians and cyclists. Performed object classification, tracking and segmentation in GTStudio tools with 98%+ accuracy.

2.Traffic light annotation:

Annotated traffic lights with bounding boxes and color status (Red, Yellow, Green) in 2D and LiDAR fusion data, including arrow and occluded signals with high accuracy.

3.lane / Crosswalk Annotation:

Annotated lane markings, stop lines, and pedestrian crosswalks with polyline and polygon tools in image and LiDAR data. Ensured accurate labeling of dashed, solid, and merging lanes as per SOP with high accuracy.

EDUCATION

Master of Engineering In
COMPUTER SCIENCE AND ENGINEERING
Excel Engineering College
2022- 2024

Bachelor Engineering In
COMPUTER SCIENCE AND ENGINEERING
Excel Engineering College
2018- 2022

SKILLS

Excel, PowerBi ,sql,html,Css,Javascript

CERTIFICATIONS

Data and LiDAR Technology in Anudip Foundation

Learned Data Cleaning, Data Visualization,Advanced Excel, SQL, Python.
