CAREER OBJECTIVE

Pre-final year B.Tech CSBS student with a strong foundation in Python (Django) and Java application development. Passionate about building efficient, scalable, and user-friendly software solutions. A quick learner with excellent teamwork and problem-solving skills, eager to adapt to new technologies and contribute effectively in a dynamic looking for an opportunity to apply my technical knowledge, collaborate with cross-functional teams, and grow as a software engineer while delivering impactful solutions.

EDUCATION

B.Tech — Computer Science & Business Systems (CSBS) — Excel Engineering College *2023 – 2027*

CGPA: 8.2 / 10.0

Class XII — Govt.Higher.Sec.School.Saravarapuram.Tirupur *2020 – 2021*

Aggregate: 72.16%

Class X — Govt.Higher.Sec.School.Saravanapuram.Tirupur *2018 – 2019*

Aggregate: 100%

TECHNICAL SKILLS

Languages: HTML, CSS, Java,Python

Frameworks: Django, Express.js, Node.js

Databases: MySQL, MongoDB

Tools & Cloud: Git, GitHub, VS Code, XAMPP, Antigravity

INTERNSHIP EXPERIENCE

Web Developer— Cyber Security and Digital Forensis *December 2026*

- Assisted in identifying security vulnerabilities through vulnerability assessment and basic penetration testing on web applications and networks.
- Implemented security best practices, monitored system activities, and supported incident analysis to improve overall cybersecurity and data protection.

PROJECTS

Passport Verification System *Feb2026 – Apr 2026*

- Developed an Online Passport Verification System to streamline passport application processing through secure user authentication and digital document verification.
- Implemented role-based access, application status tracking, and responsive user interfaces to improve verification efficiency and user experience.

Tech Stack: Python, Django, Java, HTML, CSS, JavaScript, MySQL

Thiran 360AI - Credit Referal System(Industry Project) *Mar 2026 – Apr 2026*

- Built a Credit Referral System for managing customer referrals, tracking referral status, credit approvals, and secure user authentication through a centralized web platform.

Tech *Stack:* Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL

CERTIFICATIONS & ACHIEVEMENTS

- Networkking Fundamentals for Cybersecurity-L&T
- 36-Hour vibeathon— participation certification
- DRDO Sponsored National Level Seminar on "The Future is Small: MEMS-participation certificate
- MIN-ENTHRA 2K24 National Level Technical Symposium (Paper Presentation)-participation certificate
