SUMMARY

Highly motivated and dedicated Electronics and Communication Engineering student with a strong problem-solving skills and a passion for software development. Proficient in Core Java, HTML, CSS and JavaScript with hands-on experience in developing real-time projects. Quick learner with strong analytical thinking and a commitment to continuous improvement. Seeking an opportunity to grow and build a successful career in a growth-oriented organization.

SKILLS

- **Programming Languages:** Core Java, C# (Basic), Python (Basics)
- **Web Technologies:** HTML, CSS, JavaScript
- **Core Concepts:** OOP, Java Collections, File I/O
- **Database:** SQL
- **Tools & Platforms:** VS Code, Git (Basics)
- **Other Skills**: Problem Solving, Analytical Thinking, Teamwork, Communication

EDUCATION

Mahendra Engineering College, Autonomous, Namakkal — 2022 - 2026
BE - Electronics and Communication Engineering — CGPA : 8.81

Sri Vijay Vidhyalaya Hr Sec School, Hosur — 2022
HSC — Percentage: 68.8%

CSI Christ Matric Hr Sec School, Hosur — 2020
SSLC — Percentage: 73.6%

PROJECTS

1. Movie Ticket Booking System - Built Using Core Java — Core Java

- Developed a Movie Ticket Booking System using Core Java with features for ticket booking, cancellation, and seat management.
- Utilized Java Collections and File I/O concepts to store and manage booking records efficiently.

2. Smartphone-Controlled Industrial Robot Using Arduino Uno — Arduino, Bluetooth

- Designed and developed a smartphone-controlled industrial robot using Arduino Uno and Bluetooth communication.
- Applied Arduino programming and motor driver interfacing for real-time robotic movement and automation

INTERNSHIP

Web Development Intern — 22 Jan 2025 - 03 Feb 2025
Nitroware Technologies Pvt Ltd., Coimbatore

- Developed responsive web pages using HTML, CSS, and basicJavaScript.
- Assisted in designing user-friendly interfaces and improving website performance.
- Gained hands-on experience in real-time web application development.

CERTIFICATION

NPTEL - Programming in Java
Coursera Certified - IBM JavaScript Developer
NPTEL - Internet Of Things
