PROFESSIONAL SUMMARY

User-centric and results-driven **UI/UX Designer** with a strong background in Computer Applications and practical internship experience in creating intuitive, high-conversion web and mobile interfaces. Proficient across the entire product design lifecycle, including UX research, wireframing, rapid prototyping, and building modular design systems in Figma. Passionate about transforming complex user problems into clean, usable digital solutions through usability testing and seamless cross-functional developer collaboration.

CORE COMPETENCIES & TOOLS

UI/UX Design: User Interface (UI) Design, UX Research, Wireframing, Prototyping, Information Architecture, User Flows, Interaction Design, Responsive Web & Mobile Design,color psychology, Usability Testing, Visual Hierarchy.

Design Tools: Figma (Auto-Layout, Components, Variants, Micro-interactions), Adobe XD, Adobe Photoshop, Canva, FigJam.

Core Strengths: Design Systems, Developer Handoff, Design Thinking, Agile Methodology, Cross-functional Collaboration, Problem Solving.

WORK EXPERIENCE / INTERNSHIPS

UI/UX Design Intern — MindfulAI Pvt. Ltd. **Coimbatore, India | 2024**

- Designed end-to-end web and mobile UI screens for AI-driven products, simplifying complex workflows into intuitive user flows.
- Conducted user research and competitive benchmarking to identify friction points and optimize platform navigation.
- Built scalable Figma design libraries and interactive component variants, ensuring visual consistency and seamless developer handoff.

UI/UX Design Intern — Stack Queue Education **Salem, India | 2024**

- Developed wireframes and responsive layouts for interactive educational dashboards, improving student engagement and retention.
- Collaborated with design mentors and engineering teams to align visual hierarchy with responsive device standards.
- Conducted usability walkthroughs to streamline user flows, significantly improving course accessibility.

FEATURED UI/UX PROJECTS

Foodie Hub – Food Delivery Mobile Application **Figma • UX Research • Mobile UI/UX**

- Engineered an intuitive mobile ordering flow from onboarding and restaurant discovery to meal customization and checkout.
- Built high-fidelity interactive Figma prototypes featuring realistic micro-interactions, cart management, and real-time order tracking.
- Conducted iterative usability testing to optimize button placement and thumb-zone accessibility, reducing order drop-offs.

Real Estate & Property Discovery Web Platform **Figma • Responsive Web • IA**

- Designed a modern web portal featuring faceted property search filters, interactive property cards, and verified badges.
- Structured high-converting listing pages, client testimonials, and prominent CTAs to drive high user inquiry conversions.
- Maintained responsive design standards across desktop, tablet, and mobile breakpoints with strict grid alignment.

Fresh Juice Brand – E-Commerce Landing Page **Figma • Photoshop • Branding**

- Crafted an engaging digital brand identity and responsive landing page using vibrant color palettes and modern typography.

- Organized content around product storytelling, ingredient transparency, customer reviews, and a frictionless 2-step purchase flow.

EDUCATION

Master of Computer Applications (MCA) • **2025 – 2027**
AVS Engineering College, Salem

B.Sc. Computer Science (73%) • **2022 – 2025**
Excel College for Commerce & Science, Namakkal

Higher Secondary Certificate (HSC) (79%) • **2021 – 2022**
Model School, Veerapandi, Salem

SSLC (71%) • **2019 – 2020**
Swamy Vivekanandha Matric Hr. Sec. School, Salem

CERTIFICATIONS & HONORS

UI/UX Masterclass (Basic to Advanced)
Skill Dragon • Certificate of Excellence (Aug 2026)

Mastering Figma: Beginner to Expert UI/UX
