ELIGETI HARIKRISHNA

TEXTILE ENGINEER

Karimnagar Telangana State | +91 95735 16637 | harikrishnaeligeti123@gmail.com

PROFILE SUMMARY

Aspiring Textile Engineer specializing in Spinning Technology with hands-on industrial training. Seeking a Graduate Engineer Trainee role in spinning mills to optimize yarn quality, reduce waste, and improve production efficiency. .

EDUCATION

Indian Institute Of Handloom Technology Salem, (Tamil nadu).

- B.TECH in Handloom Textile Technology **I CGPA - 7.44** **June 2025**

Sri Raja Rajeshwara Swamy Govt Polytechnic College Sircilla, (Telangana).

- Diploma In Textile Technology **| Percentage - 69.00%** **April 2021**

Sri Vidyodaya High School, Jammikunta (Telangana) **March 2017**

- **CGPA - 6.8%**

EXPERIENCE

Purity TechTextile Pvt Ltd, Khupari Mumbai **July | 2025 – Present**

- Purity Techtextile Pvt Ltd. (est. 2025), handling advanced fully automatic spinning machinery achieving high efficiency, reduced waste, and improved yarn quality
- good knowledge in Spin plan

Khosla Profil Pvt Ltd, Khupari Mumbai **July | 2025 – Present**

- Monitored daily weaving production to achieve production targets, operated and supervised weaving machines, checked fabric quality and reduced defects, set machine parameters according to fabric requirements, coordinated with Warping, Sizing, and Quality departments, monitored loom efficiency and reduced machine stoppages, solved weaving-related problems, maintained proper warp and weft tension, handled technical textile yarns such as polyester, polypropylene (PP), aramid, glass fiber, carbon fiber, and PTFE, and followed safety, quality, and production standards.Operate and monitor TFO (Two-For-One) twisting machines and winding machines.

Srimouli Textile Pvt Ltd, AP **| 2021 – 2022**

- Open End Spinning Department is (Production,Quality)

Precot Meridian Limited Unit -B, AP **INTERNSHIP | 2019 – 2020**

- Worked on complete yarn manufacturing process (fiber to yarn).
- Assisted in machine settings and production optimization.
- Analyzed yarn quality parameters and defects.
- Studied waste control techniques and efficiency improvement.

CORE TECHNICAL SKILLS

- I have good knowledge in Spin plan.
- Spinning Process: Blow Room, Carding, Drawing, Roving, Ring Frame, Auto Coner.
- Yarn Testing: Uster (U%, CV%, Imperfections), CSP, Lea Strength.
- Fiber Knowledge: Cotton properties, blending techniques.
- Process Control: Waste reduction, production monitoring.
- Fibers used in PolyPropylene, Polyester, Modacrylic, Psf SS, Homo ss fiber

PROJECT

SUSTAINABLE BANNERS

- A Development of sustainable non-woven banners from recycled polyester for sublimation printing process.

TECHNICAL SKILLS

- Time Management and Task Prioritization.
- Communication and Report Writing
- Adobe Photoshop and Illustrator
- Microsoft Office (Excel, Word, PowerPoint)

DECLARATION

- I hereby declare that all the information provided above is true to the best of my knowledge and belief.

PLACE : Mumbai
