OBJECTIVE

Engineering student graduating in 2027 with a foundation in programming and software development. Committed to continuous learning, solving real-world problems, and contributing effectively in a professional environment.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript.
Web Technologies & Frameworks: HTML5, CSS3, JavaScript, REST APIs, Vercel, Spring Boot.
Database: MySQL.
Tools & Software: VS Code, Eclipse, IntelliJ IDEA, Git, GitHub, Postman.

PROJECTS

Smart Placement Portal – Full-Stack Campus Recruitment System *2026*
Java, Spring Boot, Spring Security (JWT), MySQL, HTML, CSS, JavaScript

- Addressed the challenge of manually checking student eligibility for placement drives by developing an automated system using Spring Boot, JPA, MySQL and JWT-based role access, resulting in faster and more accurate eligibility checking.
- Improved the placement process by implementing weighted skill matching, a What-If Simulator, automated email notifications and recruiter analytics, making candidate shortlisting and placement tracking more efficient.

Sweet Craft – Custom Cake Ordering Platform *2026*
HTML, CSS, JavaScript, MySQL

- Solved the problem of unclear cake customization and pricing by building an interactive ordering system with flavor, size, shape, layers, toppings, Egg/Eggless and image-reference options, giving customers a clear live order summary and accurate pricing.
- Streamlined order management by implementing occasion-based ordering and a MySQL database for customer details, orders and order history, making order tracking and repeat purchases faster and more reliable.

INTERNSHIPS

Embedded Systems Intern – Caliber Embedded Technologies Pvt. Ltd., Erode *(28 Days)* *2025 – 2026*

- Designed and simulated embedded hardware circuits using Proteus for circuit validation and testing.
- Developed PCB layouts using KiCad, ensuring proper component placement, trace routing, and design rule compliance.

EDUCATION

B.E – Electronics and Communication Engineering *2023 – 2027*
Nandha Engineering College, Erode
CGPA: 8.3

CERTIFICATIONS

- Java – HackerRank. *2025 – 2026*
- Frontend Development Certification – IDM Techpark (HTML, CSS, JavaScript, responsive web design).
- NPTEL Certifications – IIT**:** Internet of Things (58%), Industry 4.0 & Industrial IoT (69%), and Cloud Computing (69%)

ACHIEVEMENTS

2025 – 2026

- Secured Top 500 in Niral Thiruvizha and received ₹15,000 funding for developing the “Smart Transformer Line Fault Detection System.”
- Selected for the “Hot Air Oven” project proposal under the PALS QTPL Industry Live Projects initiative.
