CERTIFICATE

Completed Java Full stack Development @ Systech Software Training Institute, Trichy.

PROFILE

A recent graduate with a strong academic background and with a solid understanding of Object-Oriented Programming (OOP) principles. Well-versed in Java fundamentals and SQL. Pro-active individual writing clean, efficient, and maintainable code. Eager to contribute to a dynamic team, take on challenging projects, and further expand technical skills in the software development field.

ACADEMIC PROJECT

Full Stack E-Commerce Application

Project -1 Jan-2026 To Feb-2026

(Spring Boot, HTML, CSS, Javascript, Thymeleaf, MySQL)

- **User Authentication :**
  Implemented secure user registration and login using JWT authentication and role-based access control for users and admins.
- **Product Management :**
  Developed modules to add, update, delete, and display products with category-wise filtering and search functionality.
- **Shopping Cart & Order Management :**
  Enabled users to add products to cart, place orders, and track order details with REST API integration.
- **Database & REST APIs:**
  Designed MySQL database schema and created RESTful APIs using Spring Boot for frontend-backend communication.

Prevent And Detect Fake Reviews And Reviewers In E-Com website

Project-2 Apr-2026 To June-2026

(Spring Boot, HTML, CSS, Javascript, Thymeleaf, MySQL)

- **User Authentication :**
  Require users to create accounts and authenticate before submitting reviews. This helps in associating reviews with specific users..
- **Review Moderation :**
  Enable manual moderation of reviews before they are published. Have a team or automated system that reviews and approves submissions.
- **User Verification :**
  Send email verification links to users upon registration. Verified users may be considered more trustworthy.
- **SQL Database Constraints :**
  Implement database constraints to ensure data integrity and prevent SQL injection attacks.

SOFT SKILL

Communication :
Effective communication to facilitate collaboration and understanding.

Teamwork :
Strong team player with a history of successful group contributions

Adaptability :
Quick to adjust and thrive in changing environments.

Problem-solving :
Pro-active inidentifying and resolving complex issues.
