# HEENA NAZREEN M I

Graduate Engineer | Software Testing / QA

+91-9677462290
heenami1705@gmail.com
Bangalore, India

## CAREER OBJECTIVE

To utilize my technical skills for achieving the target and developing the best performance in the organization. I would like to implement my innovation ideas, skills and creativity for accomplishing the projects.

## CORE TECHNICAL SKILLS

- **Testing Methodologies:** Manual Testing, Black-Box Testing, Functional Testing, Integration Testing, System Testing, Regression Testing, SmokeTesting, Usability Testing, Exploratory Testing, Performance Testing, Globalization Testing, Localization Testing, Internationalization Testing
- **Testing Concepts:** SDLC, STLC, Defect Life Cycle, Test Plan, Test Cases, Test Scenarios, Test Case Review
- **Agile:** Scrum Methodology, Sprint Planning, Scrum Meeting, Daily Scrum, Sprint Retrospective
- **Tools:** Jira, Eclipse IDE
- **Database:** SQL, RDBMS, SELECT, JOINs, WHERE Clauses, CRUD Operations, Subqueries, Data Validation
- **Programming:** Java (Basics, OOP, Collections & Maps) **Web/Office:** HTML, CSS, Excel

## EXPERIENCE

**Technical Intern — Sambhav Foundation | May 2025 – Jun 2025**

- Worked on Electric Vehicle systems and smart energy solutions.
- Analysed EV battery management and motor control components.
- Performed circuit design, testing and systematic debugging.
- Applied SQL queries and spreadsheet-based data management.

## ACADEMIC PROJECT

**IoT-Based Smart Electricity Energy Meter | 2025–2026**

- Designed a real-time energy monitoring system using Arduino and sensors with Embedded C.
- Implemented structured data logging for power consumption analysis.
- Integrated ThingSpeak and Blynk for remote visualization and alerts.
- Applied OOP principles for modular software architecture and enabled real-time consumption trend analysis.

## EDUCATION

**B.E. – Electrical and Electronics Engineering (EEE)** | Government College of Engineering, Dharmapuri | CGPA: 7.8/10.0 | 2022–2026

HSC – Government Higher Secondary School | 80% | SSLC – Government Higher Secondary School | 88%

## CERTIFICATIONS

NPTEL – Control Systems • NPTEL – Smart Grid Technology • QSpiders – Certificate of Completion in Software Testing

## PUBLICATION & ACTIVITIES

Published research paper on IoT-based Smart Energy Monitoring Systems in JETIR Journal (Paper ID: JETIR579045); presented findings at a national technical symposium. Participated in a Hackathon and attended technical workshops on Embedded Systems and Emerging EV Technologies.

## SOFT SKILLS

Analytical Thinking • Written Communication • Time Management • Problem Solving • Composure Under Pressure
