UDHAYAKUMAR V.M

Mechanical Engineering Student
Phone: +91 8072641769 Email: udhayakumar46568@gmail.com
LinkedIn: linkedin.com/in/udhaya-kumar-1239712a8

Professional Summary

Motivated Mechanical Engineering student with practical exposure to manufacturing processes and basic programming concepts. Passionate about learning new technologies, improving technical skills, and contributing effectively to organizational growth.

Education

KSR Institute for Engineering and Technology 2023–2027
B.E. Mechanical Engineering

Meenakshi Sundaranar Sengunthar Higher Secondary School 2021–2023
Higher Secondary Certificate (HSC) – 56%

Meenakshi Sundaranar Sengunthar Higher Secondary School 2020–2021
Secondary School Leaving Certificate (SSLC)

Technical Skills

Design Software: AutoCAD, SolidWorks
Analysis Tools: ANSYS, MATLAB
Programming: Basic Java

Academic Project

Design and Thermal Analysis of an Automotive Disc Brake Rotor Using ANSYS

- Designed an automotive disc brake rotor and performed thermal analysis using ANSYS software.
- Analysed temperature distribution to understand heat generation during braking.
- Compared different materials to identify a suitable material for improved thermal performance.

Internships

Sri Hari Machinery Manufacturers, Coimbatore

- Completed an internship in the Lathe Machine Workshop.
- Gained practical knowledge of lathe machine operations and working principles.
- Learned to operate a Plate Punching Machine and assisted in assembling a Hydraulic Shear Machine.

Ether Infotech, Coimbatore

- Completed a two-week internship in Full Stack Development.
- Learned basic Java programming and fundamental programming concepts.
- Gained hands-on experience in writing basic Java programs and improving problem-solving skills.

Certifications

- Ashok Leyland Engine Workshop – Knowledge Institute of Technology.
- Mastering Advanced 3D Printing Techniques – Kongu College of Engineering.
- MATLAB Workshop – KSR Engineering College.

Achievements

- Successfully completed Learnathon 2024 with 8 courses.
- Successfully completed 10 MATLAB courses.
