SAJA FATHIMA A

Computer Science Student

Salem, India | 6380501960 | sajafathima1101@gmail.com | linkedin.com/in/[add-handle] | github.com/[add-handle]

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with foundational proficiency in Python and Java, and hands-on exposure to IoT concepts. Proven ability to perform under pressure, demonstrated through active participation in five national-level hackathons and technical challenges, including NASA's International Space Apps Challenge. Quick learner with strong analytical and problem-solving skills, seeking an internship or entry-level role to contribute to real-world software development projects.

EDUCATION

B.Sc. Computer Science
KSR College of Arts and Science for Women | 72.5% | In Progress

Higher Secondary Education (12th Standard)
PSG Matriculation Higher Secondary School | 60.5% | 2024

SSLC (10th Standard)
PSG Matriculation Higher Secondary School | 50.1% | 2022

TECHNICAL SKILLS

Programming Languages: Python (Basic), Java (Basic)

Concepts: Internet of Things (IoT) Fundamentals, Problem Solving, Data Structures (Foundational)

PROJECTS

Inclusive Housing and Community Development

- Designed a conceptual solution addressing accessible and affordable housing challenges for underserved communities, applying structured problem-solving methodology.
- Collaborated within a project team to research, ideate, and present findings, strengthening teamwork and technical communication skills.

TRAINING & HACKATHON EXPERIENCE

- TANCAM Hackathon (TNWISE 2025) & Prototohon 2025 (24-Hour National Hackathon): Collaborated in fast-paced teams to design, build, and present working prototypes under strict time constraints.
- NASA International Space Apps Challenge 2024 (Galactic Problem Solver): Applied analytical thinking to a global, space-science-based problem statement as part of a collaborative team.

CERTIFICATIONS

- Galactic Problem Solver — NASA International Space Apps Challenge, 2024
- CRYOSAT 25 — National Level Technical Certification of Participation
- TANCAM Hackathon TNWISE 2025 — Certification of Participation
- Prototohon 2025 — 24-Hour National Hackathon Certification of Participation
- Introduction to Internet of Things (IoT) — NPTEL, Score: 60%

ACHIEVEMENTS

- Selected participant in 4+ national-level hackathons and technical challenges within a single academic year.
- Represented institution at NASA's globally recognized International Space Apps Challenge.
- Completed NPTEL certification in Internet of Things, demonstrating initiative in self-directed learning.

SOFT SKILLS

Team Collaboration • Adaptability • Analytical Thinking • Time Management • Communication • Fast Learner

LANGUAGES

Tamil (Native) • English (Professional) • French (Basic)
