PROFESSIONAL SUMMARY

Test Engineer with a foundation in manual testing, test case design, and the software testing life cycle (STLC). Familiar with SQL for data validation and logging defects through resolution. Looking to apply academic knowledge and project experience in a professional role.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Testing Types: Manual Testing, Functional, Regression, Smoke Testing

Databases: MySQL

Concepts: STLC, SDLC, Test Case Design, Defect Life Cycle, Black-Box & White-Box Testing

PROJECTS

Intelligent System Assurance – Speed Monitoring System *Academic Project, 2026*

- Built a real-time vehicle speed monitoring system to track, record, and analyze speed data.
- Developed a data processing pipeline in Python with automated alerts based on sensor inputs.
- Designed the system architecture for reliable data capture across varying input conditions.

Functionality Test Scenario Design *Manual Testing*

- Wrote 500+ functionality test scenarios across four applications — Online Registration Form (200), ShopperStack (100), MeriPehchaan (100), and Passport Seva (100).
- Covered field validations, mandatory checks, and end-to-end submission flows for each application.

Integration Testing *Manual Testing*

- Wrote 200+ integration test scenarios across four applications — Myntra (60), Instagram (40), Calendar (60), and Rapido (40).
- Focused on module-to-module interactions such as cart-payment flows, messaging-notifications, and booking-tracking.

Crowd Beta Testing *Exploratory Testing*

- Participated in crowd beta testing of Talview, a real-time application, performing exploratory testing to identify functional and usability issues.

INTERNSHIPS

Python Full Stack and Testing Intern *Qspiders, Coimbatore, 2026*

- Completed hands-on internship in Python full stack development and software testing.
- Tested real-time applications as part of a project, applying manual testing practices to validate functionality.

Python Programming Intern *IDM Tech Park, Erode, 2024*

- Completed hands-on internship focused on Python programming fundamentals, scripting, and application development.

EDUCATION

Bachelor of Computer Science with Artificial Intelligence *2023 – 2026*
Vellalar College for Women, Erode, Tamil Nadu — CGPA: 7.85 / 10

Higher Secondary Education (12th Grade) *2022 – 2023*
Vellalar Matriculation Higher Secondary School, Erode, Tamil Nadu — Percentage: 77%

CERTIFICATIONS & ACHIEVEMENTS

- Typewriting – English and Tamil (Certified)
- Python in AI — Novitech
- Data Handling with Python — MEASI Institute
- Desktop Publishing — Mastermind Tech Solutions

LANGUAGES KNOWN

Tamil, English
