CAREER OBJECTIVE

Java Developer fresher with B.Tech in Information Technology (7.3 CGPA) and hands-on experience building Java backend applications using JDBC, REST APIs, and MySQL. Certified Java Full Stack Developer seeking an entry-level role to contribute to backend systems and grow within a dynamic engineering team.

TECHNICAL SKILLS

Languages Backend /	Java (OOP, Collections, Exception Handling, JDBC), Python (Basics)
APIs	REST API Integration, JSON Parsing, Maven, JDBC
Databases	MySQL, SQL (DDL, DML, Joins, Aggregations)
Web Development	HTML5, CSS3, JavaScript, Bootstrap
Web Tools	Git, GitHub, VS Code, IntelliJ IDEA, MS Office

PROJECTS

Spotify Track Data ETL | Java 21, Maven, MySQL, JDBC, REST API 2025

- Built a Java 21 Maven app to fetch live track data from Spotify Web API using OAuth 2.0 client credentials flow.
- Parsed JSON responses to extract track name, artist, album, popularity, and duration metadata.
- Stored 100+ track records into MySQL via JDBC with exception handling for API and DB failures.

Supermarket Billing Management System | Java, MySQL, JDBC 2024

- Developed a desktop billing system to automate supermarket transactions and eliminate manual billing errors.
- Implemented inventory management, GST-based bill calculation, and daily sales reporting modules.
- Used JDBC with MySQL for real-time inventory updates and transaction persistence across sessions.

E-Commerce Website | HTML5, CSS3, JavaScript, Bootstrap 2024

- Built a fully responsive e-commerce front-end with product browsing, cart management, and checkout flow.
- Implemented dynamic cart with real-time price updates using vanilla JavaScript DOM manipulation.

EDUCATION

B.Tech – Information Technology | Hindusthan College of Engineering and Technology, Coimbatore 2024
CGPA: 7.3 / 10

SSLC (Class X) – Government School, Pandhanallur 2017
Percentage: 81.8%

CERTIFICATIONS

- Java Full Stack Developer – Accord Info Matrix
- Government Typewriting Examination – English Junior – Distinction
- Cyber Security Seminar | Learnathon – Participation Certificates

SOFT SKILLS & LANGUAGES

Soft Skills: Self-directed Learning, Adaptability, Leadership, Team Collaboration
Languages: Tamil (Native), English (Professional)
