OBJECTIVE

To secure a Biomedical Engineering position where I can utilize my knowledge of medical devices and continuously develop my technical and problem-solving skills while contributing to quality patient care.

EDUCATION

Bachelor of Engineering (B.E.) in Biomedical Engineering	2023-2027
Kongunadu College of Engineering and Technology, Trichy	CGPA-8.76
Higher Secondary Certificate (12th Grade)	2023
Government Higher Secondary School, Uthukkuli	85%
Higher Secondary Certificate (10th Grade)	2021
Government Higher Secondary School, Uthukkuli	

PROJECT

Title- Real-Time Heat Stroke Detection and Alerts System.

Description- Developed an IoT-based real-time heat stroke detection system that continuously monitors body temperature and environmental conditions. Implemented automated alert notifications to emergency contacts when abnormal conditions are detected, enabling timely intervention and improving user safety.

Role - Hardware Implementation.

EXPERIENCE

Internship – Suloshan Healthcare & Service, Trichy **26/11/20-25-12/12/2025**

- Gained knowledge in BiPAP, ECG, Patient Monitor, Ultrasound, and Defibrillator machines.
- Learned the basic operation and handling of biomedical equipment.
- Improved technical knowledge through practical exposure during the internship.

Biomedical Engineering Intern – Sindhuja Hospital, Manapparai **26/05/2026-09/05/2026**

Duration: 15 Days

- Completed training across 12+ hospital departments.
- Observed the installation, operation, and maintenance of biomedical equipment.
- Learned the applications of diagnostic and therapeutic medical devices in clinical environments.
- Improved technical communication and teamwork by working with biomedical engineers and healthcare professionals

CERTIFICATIONS

- Biomedical Hardware Training
- Medical Coding
- Embedded with IoT
- Modeling and Stimulation Using MATLAB & C

TECHNICAL SKILLS

1. Diagnostic and Therapeutic Equipments Handling
2. MATLAB
3. Embedded system

SOFT SKILLS

1. Quick learner
2. Team Work

HOBBIES

1.Sudoku

2.Drawing
