## Objective

Seeking an entry-level position where I can apply my technical knowledge, practical skills, and internship experience while contributing to organizational growth and continuously developing my professional skills.

## Skills

**Technical skills**

- Java
- MATLAB
- Biomedical Instrumentation

**Soft skills**

- Communication skill
- Team work

# VIDHYA M

## BIOMEDICAL ENGINEER

## Education

**B.E. Biomedical Engineering**

Kongunadu College of Engineering and Technology

GPA:8.01

Year:2023-2027

**Higher Secondary school**

Government Higher Secondary School

Percentage:80.02%

Year:2023

## Achievement

- Won First Prize in a Paper Presentation titled “BioSense Bin.”

## Academic Project

- **Sanitary waste Incineration System**

Developed an Arduino-based sanitary waste incineration system for safe, hygienic, and efficient disposal of sanitary waste.

Role:Developed and tested the Arduino-based sanitary waste incineration system.

- **Vibro Acoustic Diagnostic: A Wearable Approach for Arthritis Monitoring**

A wearable system designed for arthritis detection using vibro-acoustic signal analysis.

Role: Prepared project documentation and contributed to report writing and presentations.

## Value added Course

- Completed Medical Hardware Training under Atheena Pandian with hands-on experience in biomedical equipment.
- Completed MATLAB Certification with knowledge in programming, simulation, and data analysis.

## Internship and Training

- **Newton Biomedical Services, Karur**

Gained hands-on experience with biomedical equipment and maintenance.

- **Hospital Training - GVN hospital, Trichy**

Observed medical equipment and gained exposure to 21 hospital departments.

## Certification

MATLAB Certification

NPTL (4 Courses)

## Extracurricular activities

- Type Writing - English ( Higher, Lower)
- Member - Tamil Mandram
- Member - Science Club
- Member - Social Media
