SUMMARY

Motivated and adaptable B.E. CSE(Cyber Security) student with a strong foundation in programming, databases, data structures, and software development. Hands-on experience in developing applications using Java, Python, SQL, and web technologies. Strong problem-solving and analytical skills with a passion for learning new technologies and building efficient solutions. Seeking an opportunity to contribute to a dynamic organization and grow as a software professional.

EDUCATION

Nandha Engineering College **2023–2027**
B.E. in CSE (Cyber Security) CGPA: 8.01/10

SKILLS

Programming: Python, Java, SQL, react
Databases: MySQL, MongoDB

Tools: Git, GitHub, Linux, VS Code

Core Skills: Data Structures, Problem Solving, Analytical Thinking

PROJECTS

Larvix – Smart Worm Scanner Tool **June 2026**
Developed a Python-based static malware scanner that detects suspicious worm indicators using file analysis, entropy checks, and heuristic techniques without executing files.

Direct Market Access for Farmers **May 2025**
Developed a web platform connecting farmers directly with consumers, enabling fair pricing, reducing intermediaries, and supporting secure and transparent agricultural trade.

Cybersecurity Awareness Chatbot **March 2025**
Developed an AI-powered chatbot using NLP to educate users about cybersecurity threats, safe online practices, and security best practices through an interactive interface.

INTERNSHIPS AT

Cybersecurity Intern — Csuite Tech Labs **May 2025 – June 2025**
Hands-on experience in network security, digital forensics, network traffic analysis, vulnerability assessment, and incident response using industry-standard cybersecurity and forensic tools.

Network Intern — Prompt Infotech **Dec 2025 – Jan 2026**
Gained practical experience in network configuration, troubleshooting, IP addressing, routing, switching, and network monitoring, with exposure to basic network security.

CERTIFICATIONS

• MongoDB Foundation Certification • Infosys Courses (Networking) • Cyber Security Basics (Cyber Forensics, Vulnerability Assessment, Malware Analysis) • Hacker Rank Java Certification

CORE STRENGTHS

Analytical Problem-Solving • Attention to Detail • Communication • Data-Driven Thinking • Communication Skills • Punctual

ACHEIVEMENT

First Prize in Project Expo at HCT • Participated in various Tech Events • 650+ Problem Solved in Leetcode.
