OBJECTIVE

Enthusiastic graduate seeking a School Teacher role to teach Tamil and Science. Passionate about delivering engaging lessons, fostering creativity and discipline, and helping students build a strong academic foundation.

EDUCATION

B.E - Computer Science and Engineering 2022 - 2026

KSR College of Engineering | CGPA: 7.8

Higher Secondary 2019 – 2021

Gvt.Hr.sec.school | Percentage: 87

High School 2018 - 2019

Gvt.Hr.sec.school | Percentage: 78

PROJECTS

1. **Credit Card Fraud Detection**
   Developed a Credit Card Fraud Detection project using a Kaggle dataset in Google Colab, applying SMOTE for class imbalance and performing data preprocessing. Built and evaluated Logistic Regression and XGBoost models using F1-score and other metrics while analyzing fraud patterns through data visualization.
2. **Smart Herb - AI**
   Developed an AI-powered mobile application using Python and Kivy, integrating MobileNetV2 for herb recognition and AYUSH-based remedy suggestions. Implemented features such as image search, symptom-based recommendations, user authentication, and search history through an interactive interface.
3. **Real- Time Sign Language to Speech Translation using CNN and Gesture Recognition Project (Ongoing)**
   Developing a Real-Time Sign Language to Speech Translation system using CNN, LSTM, and MediaPipe for gesture recognition from video inputs. The system converts sign language into text and speech output, improving communication for hearing and speech-impaired individuals.

SKILLS

- Python,Digital Marketing(Page Handling, Content Creater, META Adds)
- Computer Networks & Cryptography and Network Security

INTERNSHIP

Java Intern : TANSAM IT Services, Chennai July-2024

- Learned Artificial Intelligence and Machine Learning using Python and Google Colab, working with Kaggle datasets and creating data visualizations with Seaborn.
- Applied these skills in a Credit Card Fraud Detection project by preprocessing data, using SMOTE for class imbalance, and building machine learning models for fraud prediction.

CERTIFICATIONS

NPTEL

- Internet of Things (67%)
- Introduction to Industry 4.0 and Industrial Internet of Things (57%)
