MANIKANDAN R

ELECTRONICS AND COMMUNICATION ENGINEERING

9360109459 | manikandanjegan@gmail.com | Erode

ABOUT ME

Detail-orientedECE graduate with practical experience in PCB assembly, embedded systems, and sensor integration. Skilled in working with microcontrollers, circuit debugging, and hardware testing. Proven ability to apply theoretical knowledge to industry projects, seeking to leverage technical expertise in electronics product development and manufacturing.

EDUCATION

Bachelor Of Engineering (ECE) **2023-2026**

Goverment College Of Engineering, Erode

CGPA-7.5

Diploma in Mechanical Engineering **2020-2022**

Sakthi Polytechnic College, Erode

CGPA-9.3

HSC (MATHES & CS) **2019-2020**

Govt Hr Sec School, A. PUDUPALAYAM

Percentage: 59.5

INTERNSHIP EXPERIENCE

NISKO PINNACLE PVT LTD | JAN 2026 - MAY 2026

ENGINEERING INTERN

Completed an internship in a water meter manufacturing company, handling meter calibration, functional testing, and live verification. Gained hands-on experience in PCB testing and assembly, along with basic troubleshooting to ensure product accuracy and quality.

NSIC. | 7.7.2025 - 21.7.2025

TRAINEE

Completed internship training in industrial-based embedded systems with exposure to AI and IoT concepts, gaining basic understanding of microcontrollers, system integration, and smart device applications.

PROJECTS

Next-Gen Care Robot

Developed an IoT-based healthcare robot to monitor heart rate and SpO_2 in real time, send emergency alerts via GSM and Telegram, and assist patients using a robotic arm

WI Flex-Navi Tabel

Designed and developed a four-wheeled smart table system intended to assist injured individuals during emergencies when no immediate help is available.

Blind spot monitor

Designed and developed a Blind Spot Monitoring System using Arduino Uno and ultrasonic sensors to detect vehicles in blind spot areas. The system alerts the driver through LEDs and a buzzer, improving driving safety by reducing the risk of side collisions.

SKILLS

- C
- Python
- MatLab
- LTSpace
- Proteus
- Thinkercad
